

Attachment 1

Product Specifications (Revision 1)

- Capacity: 20,000 lbs
- Dimensions: 8' W x 12' L x 48"
- Weight: 3,600 lbs
- Features: Adjustable legs, 8" stationary curbs (two sides)
- Category: Heavy-duty mobile dock platform

Steel platforms must include removable steel curbs that can be placed not only perpendicular to, but also adjacent to each other to prevent forklift accidents. Adjustable legs for varying height conditions. Forklift pockets to accept up to a 12" fork on opposite sides

Procurement Specification: Premium-Grade Equipment for Extreme Environmental Conditions

DLA requires acquisition of premium-tier equipment featuring best-in-class customer service support and extended warranty coverage. The equipment will be deployed in Nevada's desert environment and must withstand extreme operational conditions, including high temperatures, sand exposure, and minimal maintenance accessibility.

Key requirements:

- o Premium-grade equipment specifications
- o Comprehensive customer service support
- o Maximum available warranty period
- o Ruggedized design for harsh desert environments
