

BPA Tool – Vendor Training

12-Oct-2023

Background

- Effective September 30th, 2023, the Naval Air Warfare Center – Aircraft Division (NAWCAD) is unable to solicit new requirements on the Unison platform.
- NAWCAD has developed a tool to manage acquisition utilizing Blanket Purchase Agreements (BPAs). It will ensure that:
 - New solicitations are consistently communicated to vendors with established BPA contracts
 - Vendor responses are collected and fairly evaluated
 - All correspondence is preserved to maintain audit readiness
- The NAWCAD tool does not support reverse auction capability. Vendors are expected to provide their best offer in their bid responses.
