Why should my entity be SAM Active?

- You must have an active registration in SAM.gov to be eligible for awards that exceeds the current threshold US\$30,000. Therefore, offerors interested to do business with the Federal Government shall be registered in the SAM (System for Award Management) database at <https://www.sam.gov> prior to submittal of their offer/proposal as prescribed under FAR 4.1102. Failure to be registered at time of proposal submission may deem the offeror's proposal to be considered non-responsible and no further consideration will be given. Therefore, offerors are highly encouraged to register immediately to be eligible for award that exceeds the \$30,000 threshold.

General Information – SAM.gov Overview

SAM is the official **FREE, U.S. government-operated website** for management of government awards. There are NO charges to register or maintain your entity registration record in SAM. Please use SAM.gov to get your Unique Entity ID (UEI) and register your business and be SAM active

What is an entity? “Entities” in SAM.gov are corporations, organizations, partnerships, or individuals that submit information about themselves to the U.S. federal government to be eligible for federal funds through contracts, grants, or other financial assistance. We use “**international entity**” to refer to any entity based outside of the U.S. For a thorough definition, please see the Code of Federal Regulations, 2CFR200.1. [https://www.ecfr.gov/current/title-2/subtitle-A/chapter-II/part-200/subpart-A/subject-group-ECFR2a6a0087862fd2c/section-200.1#p-200.1\(Foreign%20organization\)](https://www.ecfr.gov/current/title-2/subtitle-A/chapter-II/part-200/subpart-A/subject-group-ECFR2a6a0087862fd2c/section-200.1#p-200.1(Foreign%20organization))

What is entity validation? Entity validation confirms an entity's existence, location, and uniqueness, and is required by the Federal Acquisition Regulation (FAR) part 52.204-6 <https://www.acquisition.gov/far/52.204-6>. The uniqueness of an entity is based on it being a separate legal entity with a separate physical address. SAM.gov also verifies that there is no existing record for your entity before you validate. Once your entity is validated, you get a Unique Entity ID.

What is a Unique Entity ID (UEI)? SAM.gov assigns a Unique Entity ID to entities when they pass validation. The Unique Entity ID is a 12-character code used in SAM.gov and other federal government systems to identify a unique entity. Once you have a Unique Entity ID, you can register your entity in SAM.gov.

What is entity registration? An entity registration allows you to apply directly for U.S. federal government contracts and assistance. You must renew your registration annually to keep it active. We recommend that you begin your renewal 30–60 days before your registration expires to have enough time to validate your entity and complete the registration.

General Information – SAM.gov Overview

Please note that you must have the NCAGE Code Number before you start with SAM registering.

1. Follow the quick guide for international registrations at SAM.gov for registrants who are physically located outside the U.S. and its territories
2. Foreign vendors are NOT required to enter tax identification numbers (TIN) in SAM. If TIN information is entered, the SAM Registration will be sent to the Internal Revenue Service (IRS) for validation (which will increase the processing time) before being forwarded on to the CAGE Program Office for final validation.
3. If you are a non-U.S. registrant doing business outside the U.S. then Electronic Funds Transfer (EFT) information is not mandatory.
4. If the registration is successfully processed in SAM with the NCAGE Code and submitted to CAGE Program Office for final validation, an email confirmation will be sent to the authorized administrator user(s) of the entity/organization and the SAM status will be updated to "Pending CAGE Validation".
5. If the registration is not complete at SAM, the status will indicate "Draft" until the Core Data is complete. "Work in Progress" indicates that Core Data is not complete.
6. Continue to complete the registration until you have submitted your SAM registration.
7. Log into SAM and check the SAM Status Tracker to check the status. The checkmarks on the left navigation menu or error messages at the top of the page will indicate what is required to complete the registration process.

Steps to Register Your Entity at SAM.gov

It is highly recommended to review [Entity Registration Checklist and Guide for International Registrations](#)

The following are the three steps to follow in logical order to complete your SAM registration.

Step(s)	Description/Action
<u>Step (1)</u> Get an NCAGE code:	Before starting a registration in SAM.gov, international entities must obtain an NCAGE Code for each entity they plan to register in SAM.gov. If you do not have NCAGE Code, you can request one for free by visiting the NATO Codification Tools webpage at: NCAGE Code Request Tool (nato.int) . Make sure the legal business name and physical address you provided to get your DUNS Number and your NCAGE Code are exactly the same. It takes up to 3 business days to obtain a NCAGE code. Decide who will complete the registration: SAM.gov will grant the Entity Administrator role to the first person who registers. This will be only person with access until they assign roles to other users .
<u>Step (2)</u> Create a Login.gov account:	Login.gov is a service that manages usernames and passwords for SAM.gov. If you already have a login.gov account, sign in with your credentials. Otherwise, select "Create An Account" and follow the prompts
<u>Step (3)</u> SAM Registration.	You need a Unique Entity Identifier (UEI) to register your entity in SAM.gov. UEIs are unique for each physical location you register. <u>Once you select "Register Entity: in SAM.gov, your Unique Entity ID will be assigned during the registration process</u>

Steps to Register Your Entity at SAM.gov

- Entity registration has many steps and verifications that happen both within and outside of SAM.gov

What do I need to get started?

Step (1) NCAGE registration

Among other data, NATO will ask for your Legal Business Name and address, which must exactly match (including spelling, capitalization, punctuation and spacing) the Legal Business Name and address provided to the Business Registration Institution of your Country. **NCAGE is needed before you can complete the SAM registration.**

- **Please follow the following Steps :**

1. Go directly to NCAGE Code Request Tool: <https://eportal.nspa.nato.int/Codification/CageTool/home>
2. Search by your company's name to check to see if NCAGE code is already assigned.
3. If NO NCAGE code is assigned to your business, proceed to "Request New" button at the bottom of the search results screen.

What do I need to get started?

Step (1) NCAGE registration

4. Select “A Private Company” as “Type of Entity”

The screenshot shows the 'Request New NCAGE Code' form. A red arrow points to the 'Type of Entity' dropdown menu, which is currently set to 'Private Company'. The form also includes a 'Start: Country Check' section and a note about submitting requests via national web sites for Italy and Great Britain.

5. Select “Routine” as “Emergency Level”

The screenshot shows the 'Request New NCAGE Code' form. A red arrow points to the 'Emergency Level' dropdown menu, which is currently set to 'Routine: 10 (calendar days)'. The form also includes a 'Start: Country Check' section and a note about submitting requests via national web sites for Italy and Great Britain.

6. Complete the form by answering questions related to this registration

What do I need to get started?

Step (1) NCAGE registration

7. After you submit your request, you will automatically receive

- a. Request confirmation/validation e-mail message –you must reply to this message,
- b. Second e-mail message once the NCAGE request is processed (assignment of the code or reject of the request)

8. Congratulations! Now you have a NCAGE Number.

9. You can now begin the SAM Registration process!

How long does it take to process NCAGE Code?

- It can take **at least 4 business days** to process a CAGE Code request with a SAM entity registration. You can view your entity workspace or use the Check Status button on the home page of [SAM.gov](https://sam.gov) for a quick update on your registration's status. A Check Registration link is also located at the bottom of each page. If you have additional questions specific to your CAGE Code processing, please contact the DLA Customer Interaction Center at dlacontactcenter@dla.mil or call Commercial 1-877-352-2255 or DSN 661-7766.
- You can review answers to frequently asked questions about the CAGE Code assignment process [here](#).
- If you notice your registration has been Submitted for 15 business days or longer:
- Verify your workspace and the Check Status button on the home page of SAM.gov both display the same submitted status
- If they are the same- Contact CAGE to inquire further about your processing status
- If they present conflicting statuses i.e., workspace shows submitted but status tracker shows differently- contact the [Federal Service Desk](#).

Preventing NCAGE verification failures

Preventing NCAGE Verification Failures

- DO NOT submit your registration in SAM.gov until your NCAGE data in the US CAGE System matches your details in SAM.gov EXACTLY.
- You must **reconcile which system (NSPA or SAM.gov) has the incorrect information** and request those updates from the appropriate organization.
- Most often the correction needs to be made on your NCAGE information in the NATO/NSPA system so that it matches what SAM.gov validates as your correct entity details based on your official documentation. Before you submit your registration, make sure you have updated NCAGE using the NCAGE Request Tool (<https://eportal.nspa.nato.int/Codification/CageTool/home>) and that the changes have been transmitted to the US CAGE CSI System (<https://cage.dla.mil/Search>) first.

GSA (SAM.gov) and US CAGE Office CAN NOT update your NCAGE Information.

What do I need to get started?

Register with the System for Award Management (SAM)

Step (2) Login.gov

1. Go to www.sam.gov and select Sign In in the upper right corner
2. Select Accepts to accept the U.S. Government terms and conditions
3. **Create an Individual Account at Login.gov**. Login.gov is a service that manages usernames and passwords for SAM.gov. If you already have a login.gov account, sign in with your credentials. Otherwise, select "Create An Account" and follow the prompts
4. Please click on [KB0017363](#) for additional reference material on how to create SAM.gov user account
5. Authentication Methods:
 - Select at least two
 - Include phone numbers
 - Remember to renew backup codes
 - Check [Login.gov International phone number support](#)

The screenshot shows the SAM.gov Login.gov sign-in page. At the top, it says "sam.gov is using Login.gov to allow you to sign in to your account safely and securely." Below this, there is a light blue box with a warning icon and text: "SAM.gov only recognizes one email address on Login.gov accounts. Adding email addresses to your Login.gov account may cause your SAM.gov login to fail. Sharing your Login.gov password or using someone else's Login.gov account violates the rules of use." Below the warning box, there are two input fields: "Email address" and "Password". To the right of the password field is a checkbox labeled "Show password". At the bottom, there are two buttons: "Sign in" (in blue) and "Create an account" (in white).

Step 3

What do I need to get started?

Step (3) Register with the System for Award Management (SAM) Steps For Registering Your Entity in SAM

Register Your Entity or Get a Unique Entity ID

What do I need for registration?

Get Started

Welcome

You are about to create a new entity record.

We will ask a few short questions to help us recommend the best option for you.

Create New Entity

Are you trying to update an existing entity record?
Please go to your Workspace and select the "Renew/Update" button for that entity.

Go to Workspace

Is your entity based outside of the United States?
You must get an NCAGE Code before starting a registration. Go to the [NCAGE Request Tool](#) to submit a request.

What do I need for registration?

Download Guide

Renew/Update

Do not use Get Started for renewals. Use the "Renew/Update" button instead if your entity already has a Unique Entity ID. If you don't know if your entity has a record because you don't see it in your Workspace, you can [do a general search in SAM](#) to find the UEI and Registration Record.

10

What do I need to get started?

Step (3) Register with the System for Award Management (SAM)

Steps For Registering Your Entity in SAM

I want to do business... (Select the option most relevant to you)

- ☒ Directly with the U.S. federal government.
- ☐ With a business or other organization which receives funds directly from the U.S. federal government.
- ☐ Other.

Select the answer that best fits your intentions today:

- ☒ Bid on a federal procurement opportunity as a prime contractor. [?](#)
- ☐ Apply for federal financial assistance. [?](#)
(e.g. grants, loans)
- ☐ Follow agency instructions related to a federal credit card transaction made to my entity (not common). [?](#)
- ☐ Just browsing. I don't have anything specific in mind today but might be interested in future business directly with the U.S.
- ☐ Participate in, or apply for, another type of U.S. federal government program. Please tell us the program name. [?](#)

Please specify

e.g. Program Name

123 characters allowed

Step 3

Who required your entity to be in SAM.GOV?

Only select the primary source.

- ☐ Federal government

Federal Hierarchy (Optional)

Enter Code or Name

- ☐ U.S. state or territory government or office

- ☐ Local government office, i.e., of a county or a city
- ☐ Tribal government or office

- ☒ A company or business
- ☐ Hospital system or healthcare organization (for profit or non-profit)
- ☐ Non-profit organization
- ☐ University or research facility (for profit or non-profit)
- ☐ Industry group, professional association, trade publication, etc.
- ☐ APEX Accelerators (formerly known as PTACs)
- ☐ I decided on my own
- ☐ None of the above

Answers to these question will allow SAM.gov to make personalized registration recommendation and assess sources asking organizations to register in SAM.gov

Step 3

What do I need to get started?

Step (3) Register with the System for Award Management (SAM) Steps For Registering Your Entity in SAM

Step 3

Choose a Registration Option: Purpose of Registration

Choose an Option

It looks like you intend to do business directly with the U.S. federal government on a procurement opportunity as a prime contractor. We recommend you choose **All Awards**.

This option also allows you to pursue financial assistance directly from the U.S. federal government.

	Unique Entity ID Only	Financial Assistance	All Awards
What you get:			
Unique Entity ID	✓	✓	✓
Entity Available in Search	✓	✓	✓
CAGE Code	—	(Share number)	✓
When you need it:			
To register an award from someone else receiving federal funds	✓	✓	✓
To apply directly for federal grants or loans	—	✓	✓
To bid on federal contract awards (prime)	—	—	✓
What you must complete:			
Entity Validation	✓	✓	✓
IRS Taxpayer Identification	—	✓	✓
CAGE/NCAGE Validation	—	(Share number)	✓
Level of Effort	Lowest	Medium to High	Highest
Expiration	—	1 Year	2 Years
	Select	Select	Select

The **recommended** registration option is highlighted. Entities can choose from all options that are displayed, even if it's different from the recommendation

What will be required and the level of effort to complete the registration varies depending on the type of registration you need.

To be awarded a Federal contract (including a GSA Multiple Award Schedule) you must select "All Awards".

What do I need to get started?

Step (3) Register with the System for Award Management (SAM) Steps For Registering Your Entity in SAM

Are you registering a government entity?

Select Yes if you are registering an official organization, department, or institution of a U.S. state, U.S. local, U.S. tribal, or foreign government.

☐ Yes
☒ No

☐ My entity is physically located in the United States

(If entity is physically located in US territory, then you can select entity located in the United States.)

☒ My entity is not physically located in the United States

If you are unsure whether you are registering a government entity, check with your government authorities to confirm. Each government determines for itself what qualifies as a government entity. Private companies with a public mission generally do not qualify.

Step 3

Do you already have an NCAGE code?

☒ Yes, and I can provide:

LEGAL ENTITY YOU SELECTED

TUNNIS STREET
HAWALLI, 32058 -
KUWAIT

NCAGE Code

Edit NCAGE Code

☐ No

Is your entity based outside of the United States?

If you are registering an entity based outside of the U.S., you must get an NCAGE code before starting your registration. [Request an NCAGE code, IS](#)

If you do not have NCAGE code, the system will prevent you from proceeding

Step 3

Enter NCAGE Code

Do you already have an NCAGE code?

☒ Yes, and I can provide:

☐ No

Provide NCAGE Code

Search for NCAGE Code

Enter your NCAGE code and select **Search** to show the entity with that code. If you don't have a NCAGE code, select **Cancel**.

NCAGE Code:

SAM searches the U.S. CAGE System and **displays your NCAGE details**. Changes can not be made in SAM.

NCAGE Search Results

NCAGE Code

If this is your entity, select **Confirm**. To change the NCAGE code, select **Back**. If you don't have an NCAGE code, select **Cancel**.

Step 3

What do I need to get started?

Step (3) Register with the System for Award Management (SAM) Steps For Registering Your Entity in SAM

Step 3

Begin Validation: Enter Entity Information

You Are About to Validate Your Entity

What is validation? ⓘ

The information you provide here will be used throughout the federal government. Make sure that your information is current and correct.

Before you get started, make sure you can officially document your entity's:

- [Legal business name](#) ⓘ
- [Physical address](#) ⓘ [no P.O. boxes or virtual offices]
- [Start year](#) ⓘ
- [National identifier](#) ⓘ [non-U.S. entities only]
- [Country or state of incorporation, if applicable](#)

Some entities may need to provide documentation to complete validation, which will take additional time to process.

☐ I can provide **official documentation**, if necessary, to validate my entity.

Step 3

What do I need to get started?

Step (3) Register with the System for Award Management (SAM) Steps For Registering Your Entity in SAM

3

Complete Core Data, Reps & Certs, & POC Sections

Each required field is marked with a red asterisk *.

Warning: Some of the marked fields are NOT REQUIRED for non-US entities.

You can't jump ahead without first completing each page. Once you complete a page, you can go back to a prior page.

The screenshot shows the 'Register Entity' form in the SAM system. The left sidebar contains a navigation menu with the following items: 'Core Data' (selected), 'Continue Registration', 'Business Information', 'CAGE or NCAGE Code', 'General Information', 'Financial Information', 'Executive Compensation Questions', 'Proceedings Questions', 'Review Core Data', 'Representations and Certifications', 'Points of Contact', and 'Submit Registration'. Below the menu is a 'Back to Workspace' button. The main content area is titled 'Core Data' and has a sub-header 'Business Information'. It includes a 'Unique Entity ID' field. A 'Page Description' box states: 'Please respond to questions on this page to better describe your entity. If you are required to provide a Taxpayer Identification Number (TIN), you may provide either an Employer Identification Number (EIN) or Social Security Number (SSN). Do not enter your SSN as your TIN unless you are a Sole Proprietor or a single-member Limited Liability Company (LLC) without an EIN. The TIN entered on this page will be sent to the IRS for validation after you complete the current information on the next page.' Below this, a note says: 'Mandatory fields are marked with an asterisk or star symbol. Complete all mandatory fields before continuing to the next page.' The 'Your Entity's Business Information' section contains the following fields: 'Entity Start Date (MM/DD/YYYY)*', 'Fiscal Year End Close Date (MM/DD)*', 'Entity Division Name', 'Entity Division Number', 'Entity URL', 'Congressional District' (with a dropdown menu showing 'Not Applicable'), and 'Create MPIN*'. A note below these fields states: 'The MPIN will be shared with authorized partner applications (e.g. Grants.gov, Past Performance Information Retrieval System (PPIRS) etc.). The MPIN acts as your password in these systems and you should guard it as such. The MPIN must be nine characters long and contain at least one letter, one number, and no spaces or special characters.' The bottom section is titled 'Physical Address' and includes 'Address Type' (with a dropdown menu showing 'Private') and 'Address Line 1'.

Step 3

What do I need to get started?

Step (3) Register with the System for Award Management (SAM) Steps For Registering Your Entity in SAM

3

Complete Core Data, Reps & Certs, & POC Sections

Some of the fields marked with a red asterisk are NOT REQUIRED for non-US entities.

- **Business Information:** **Entity URL** field has no asterisk and it is optional. However, if you enter anything that is not an active working website link, it will cause a failure for NCAGE.
- **IRS Consent:** Unless you are conducting business in the USA, leave everything on the IRS Consent page blank even if there is a red asterisk next to it.
- **Financial Information:**
 - **DO NOT** enter anything in the Electronic Funds Transfer (EFT) section or in the Automated Clearing House (ACH) section, unless your bank is located in the USA.
 - **DO** answer the question “Do you accept credit cards as a method of payment?” at the top of the page
 - **DO** complete the Remittance Address section at the very bottom of the page. This is the name and address to whom payments/paper checks should be mailed to.
- **Points of Contacts:** The Government Business POC name entered must be a an individual person’s name, not the name of the company or a department. This will cause NCAGE failure.

Step 3

What do I need to get started?

Step (3) Register with the System for Award Management (SAM)

Steps For Registering Your Entity in SAM

3

Submit Registration

Before you can submit your registration, the system displays a summary of what you entered in each section. Review the summary to be sure everything is correct.

Your registration is not submitted yet!

Scroll to the bottom and select "Submit."

The screenshot displays the 'Submit Registration' page on the SAM.gov website. The left sidebar shows a navigation menu with 'Register Entity' at the top, followed by 'Core Data', 'Representations and Certifications', 'Points of Contact', 'Submit Registration' (highlighted), and 'Entity Review' (selected). Below the menu is a 'Back to Workspace' button. The main content area is titled 'Submit Registration' and 'Entity Review'. It includes a 'Unique Entity ID' field, a 'Legal Business Name' field, and a 'Doing Business As' field (set to '(none)'). Below these is a 'Core Data' section with a 'Business & TIN Information' subsection. This subsection contains fields for 'Business Information', 'Entity Start Date', 'Fiscal Year End', 'Entity Division', 'Entity Division', 'Entity URL', 'Congressional', 'Physical Address', and 'Address Line'. A 'Submit' button is visible at the bottom right of the form. A disclaimer at the bottom states: 'By submitting this registration, you are certifying the information is accurate and complete. Knowingly providing false or misleading information may result in criminal prosecution under Section 1001, Title 18 of the United States Code. Criminal Penalties could include imprisonment of a fine, imprisonment, or both. You may be subject to other penalties as well, including, but not limited to, administrative remedies, such as suspension and debarment, ineligibility to participate in programs conducted under the authority of the Small Business Act, or civil liability under the False Claims Act.'

Step 3

What do I need to get started?

Step (3) Register with the System for Award Management (SAM) Steps For Registering Your Entity in SAM

3

Submit Registration

You must enter a one-time password to complete the submission. The password will go to your SAM.gov account email address.

If the email is not in your inbox, be sure to check your spam (junk) folder.

The screenshot shows the 'Submitting Entity Registration' dialog box in the SAM.gov interface. The dialog box has a blue header and a white body. It contains the following text:

Submitting Entity Registration

To submit your registration, request a one-time password (OTP) to be sent to the email address on your account. Please note it may take a few minutes to receive the email. Do not perform any other actions with this entity until you have successfully submitted your OTP.

At the bottom of the dialog box are two buttons: 'Cancel' and 'Send Password'.

In the background, the 'Register Entity' page is visible. It has a sidebar with the following links: 'Core Data', 'Representations and Certifications', 'Points of Contact', 'Submit Registration' (which is highlighted), and 'Entity Review'. Below these links is a 'Back to Workspace' button. The main content area shows the 'Unique Entity ID', 'Legal Business Name', and 'Doing Business As' (none). Below this is the 'Core Data' section, which includes a 'Business & TIN Information' table with the following data:

Business Information	
Entity Start Date	9/1/2000
Planned Your End/Close Date	10/1/1
Entity Company Name	
Entity Business Name	
Entity EIN	

Step 3

What do I need to get started?

Step (3) Register with the System for Award Management (SAM) Steps For Registering Your Entity in SAM

3

Submit Registration

Your registration has been successfully submitted when you see this page. It will read, "Registration Submitted - Confirmation" at the top.

You will also receive an email confirming your entity registration was successfully submitted.

Once you submit, it can take up to 10 - 12 business days for your registration to be reviewed.

The screenshot shows the 'Register Entity' page on SAM.gov. The left sidebar has a menu with 'Confirm Data', 'Representations and Certifications', 'Points of Contact', 'Submit Registration' (highlighted), 'Entity Review', and 'Confirmation Page'. The main content area is titled 'Submit Registration' and 'Confirmation Page'. It displays 'Unique Entity ID: [redacted]' and a confirmation message: 'Registration Submitted - Confirmation' dated 'Fri Jan 26 13:57:56 EST 2022'. Below this, it states: 'You successfully submitted your entity registration. This registration record will remain in Submitted status until all external validations are complete. This process is entirely FREE to you. It is FREE to register and maintain your registration in SAM. It is FREE to get help with your registration.' A section titled 'What happens next?' follows with a 6-step numbered list: 1. TIN validation by IRS; 2. DLA CAGE code assignment; 3. DLA CAGE team contact for questions; 4. External validation email; 5. Caution about unsolicited requests; 6. Free support from PTAC. A 'Back to Workspace' button is at the bottom.

Registration Submitted - Confirmation
Fri Jan 26 13:57:56 EST 2022

You successfully submitted your entity registration. This registration record will remain in Submitted status until all external validations are complete. This process is entirely FREE to you. It is FREE to register and maintain your registration in SAM. It is FREE to get help with your registration.

What happens next?

- 1 If you provided a Taxpayer Identification Number (TIN), the Internal Revenue Service (IRS) will conduct a validation of your TIN and Taxpayer Name. This could take two business days. You will get an email from @sam.gov when that review is complete.
- 2 Your registration will then be sent to the Defense Logistics Agency (DLA) Commercial and Government Entity (CAGE) Code system for assignment or validation of your CAGE Code. This also is a FREE service. This step averages two business days, but the DLA CAGE team can take up to ten business days, or longer, in peak periods. You will get an email from @sam.gov when that review is complete.
- 3 If the DLA CAGE team has any questions, they will contact the individual you listed as the Government Business Point of Contact (POC) via email. The email will come from an @dla.mil address. Please tell your Government Business POC to respond right away to any requests from an @dla.mil email. If a timely response is not received, your registration will be returned to SAM and your registration status changed to Work in Progress. You will have to resubmit and provide the requested information to DLA CAGE to continue.
- 4 You will get an email from @sam.gov when your registration passes three external validations and becomes Active. While you are waiting, select Check Status on the SAM.gov homepage to see where your registration is in the review process.
- 5 Remember, it is FREE to register and maintain your registration in SAM. If you get an email from any address that does not end in .gov or .mil, be cautious. If you get an email, text message, or phone call asking for money or payment of any amount, be very cautious. These parties do not represent the U.S. government. You engage third party vendors at your own risk.
- 6 You can get FREE help with your registration by contacting our supporting Federal Service Desk (FSD). In addition, if you are located in the U.S. and its outlying areas, you can get FREE support from your local Procurement Technical Assistance Center (PTAC), an official resource for government contracting assistance. Check the PTAC website to locate your closest PTAC.

Select Back to Workspace to be navigated to your Workspace where you can view your entity record and print or save a PDF.

[Back to Workspace](#)

What happen after I submit my registration in SAM

What Happens After I Submit My Registration?

Your entity information will be verified by the U.S. Internal Revenue Service (IRS) and the U.S. Defense Logistics Agency (DLA) for confirmation of your NCAGE code.

You'll receive emails at each step. If your entity fails verification at the IRS or DLA, your registration will revert to the "Work in Progress Registration" status. You'll be given instructions on what needs to be updated and submitted.

You must work directly with the IRS or DLA to resolve issues with their verifications.

Preventing IRS verification failures in SAM

Preventing IRS Verification Failures

- **If you entered information on the IRS Consent page**, the taxpayer identification number and taxpayer name you entered will be matched by the system to make sure it matches EXACTLY against what the IRS has in their master file. **Your taxpayer name may be different than your legal business name.** Check your EIN assignment letter or latest tax return to confirm.
- **If you are not required to file returns with US IRS, you must leave everything on the IRS Consent page blank.** SAM.gov will skip this verification step and send your registration to the U.S. CAGE System.

Data entered during registration **MUST** match

NSPA and SAM Data Must Match

NATO Commercial and Government Entity (CAGE) and the Unique Entity ID are separate codes.

NATO Support and Procurement Agency (NSPA) NCAGE Request Tool

Submit your request for an NCAGE to your Nation's own NCAGE National Codification Bureau (NCB) online.

Find [National NCAGE Contacts](#)

Processing timeframes depend on country of origin schedule and priority level selected (Routine 14 days, Emergency 3 days).

All updates and corrections to NCAGE data can only be made by your NCB using the NSPA NCAGE Request tool.

Edits can NOT be made in SAM or the U.S. CAGE System.

U.S. Defense Logistics Agency (DLA) CAGE Search & Inquiry (CIS) System

Your NCAGE data in NSPA must be transmitted to DLA CIS before you register in SAM.

Timeframes may vary depending on the host nation data transmission schedule but are typically in DLA CSI 48-72 hours after NSPA update.

After you submit your registration in SAM, DLA CAGE system receives registration and must confirm that NCAGE information matches SAM.

If the information does not match, the registration fails CAGE verification and is returned to SAM.

The System for Award Management (SAM.gov)

You enter your NCAGE in SAM before Entity Validation begins; **SAM only displays your NCAGE details as they appear in DLA CSI.**

You enter your entity details to begin entity validation and upload documentation to prove them.

SAM will validate your entity details based on what your official documentation shows. Your registration will show your validated legal business name and physical address. SAM allows you to submit the registration even if they do not match your NCAGE.

Renew the Registration (365 days after Submittal)

Use the **Check Entity Status** tool on the SAM.gov homepage.

 Check Entity Status

Entity Administrators get emails when a registration:

- Will expire in 60 days, 30 days, and 15 days.
- Has expired on the date of expiration.
- Has been submitted successfully for review.
- Is active.

Documents will not be required at renewal unless the business name or address you validated changes.

Check Entity Status

This tool allows you to check the status of your entity.

Check Registration Status

Check Entity Status via Chat Now Available!

- Sign into [FSD.gov](https://fsd.gov)
- New button will appear
- Below the *SAM.gov* Logo
- Select button
- Open a new chat window
- Find entity status

The screenshot shows the FSD.gov website interface. At the top right, there is a red-bordered box containing the text ':@state.gov'. Below the navigation bar (Home, Knowledge Base, Live Chat with FSD), the 'fsd.gov' logo is displayed. To the right of the logo is a badge that reads 'Official U.S. Government Website 100% Free'. The main heading is 'Federal Service Desk'. Below this, there is a search bar and a list of links: 'Start here for help on SAM.gov, FPDS.gov, eSRS.gov, and FSRS.gov', 'Have a question?', 'Search for help or select a category from our help topics.', 'Search Help', and 'User Guides, FAQs, Videos, Definitions'. On the right side, there is a section for 'SAM.GOV' with the text 'Why is my entity Validation Incident in both SAM.gov and FSD.gov?'. Below this text are two green buttons: 'Entity Validation Help' and 'Check Entity Status Chat'. A large yellow arrow points to the 'Check Entity Status Chat' button. At the bottom of the page, the text 'UNITED STATES of AMERICA' is visible.

Check Registration Status

Check Entity Status via Chat Now Available!

Status Label	Description	Actions You Can Take
 Pending ID Assignment	You are in the process of validating your entity to get a Unique Entity ID.	View documents submitted and add more if needed
 ID Assigned	Your entity is validated. Your Unique Entity ID is assigned. You do not have an entity registration.	View, update, or register
 Work in Progress Registration	Your entity is validated. Your Unique Entity ID is assigned. You have begun, but not completed, an entity registration.	View, update, or delete the draft registration
 Submitted Registration	Your entity is validated. Your Unique Entity ID is assigned. You submitted an entity registration, and it is pending external review (e.g. TIN, CAGE).	View only
 Active Registration	Your entity is validated. Your Unique Entity ID is assigned. Your registration passed all required processing and validations. It is now active. You must update/renew your registration each year to remain your "Active Registration" status.	View, update, or deactivate the active registration
 Inactive Registration	You did not update/renew your registration within a year. It expired and is now inactive. Your Unique Entity ID does not expire and remains connected to the registration. You must update/renew your registration to regain active status.	View and register

How do I update/renew an existing entity registration in SAM.gov

If your SAM.gov Entity Administrator is no longer with the company or there is not an Entity Administrator associated with the registration, please create a user account and submit an Entity Administrator Appointment Letter (KB0016652) to gain access to update the existing registration.

If there is an existing administrator and you only need a data entry role assigned to you, you can request a role (KB0016602).

If you need to be listed as an administrator for your entity also, the current administrator will need to assign that role directly to you (KB0036075).

To update your entity's registration in SAM.gov

- To update your entity's registration in SAM.gov:

1. Sign in to SAM.gov and navigate to your Workspace.
2. In the workspace, find the "Entities" widget.

3. Select the number above the status that correlates with your current registration status or select the title of the "Entities" widget to view all of your registrations.
4. Locate the entity record you want to update, select the three dots near the expiration date (the Actions menu), and select "Update."

To update your entity's registration in SAM.gov

5. You will be asked to enter your relationship to the entity you are updating. Indicate whether or not you are an employee or officer of the entity, then select "Next."
6. You will then be asked "What would you like to update?" Select to update/renew your entire entity registration and select "Next."
7. You will be prompted to validate your legal business name and physical address.
 - SAM.gov will search the entity validation service's data for a match to your entity. See this article on [entering your entity information and checking the search results \(KB0060385\)](#). Submit documentation of your entity information if needed and then restart the update process.
8. Proceed through the [validation process](#). (KB0058402).
9. Once you have completed validation, continue to update your registration. Review each section and, if needed, update the information.
 - Update the Core Data section.
 - Update the Assertions section.
 - Not required if registering for federal assistance opportunities only.
 - Update the Representations and Certifications section.
 - Update the Points of Contact (POCs) section, including optional POCs.
 - You may remove optional POCs if they are no longer relevant.

To update your entity's registration in SAM.gov

10. If you qualify as a small business, update your information in the Small Business Administration's (SBA) Dynamic Small Business Search (DSBS) or apply for a small business certification via the SBA Supplemental page. If the link is not available, go to the [SBA General Login System](#) and request access to "PRO-NET/DSBS."

11. After you review the entire registration, select "Submit" on the "Entity Review" page.

12. When you select "Submit," you will receive a confirmation that you have successfully submitted your registration. You will also receive a confirmation email. Your registration update will go through IRS verification and CAGE verification if applicable.

- Once you have submitted the update, you cannot make further changes until the submitted registration has completed its reviews.
- If you notice your registration has been Submitted for 15 business days or longer, verify the status of your entity in your workspace and using the Check Status button on the home page of SAM.gov to see if both display the same submitted status:
- If they are the same- Contact [CAGE](#) to inquire about your processing status at 877-352-2255.
- If they present conflicting statuses i.e., workspace shows submitted but status tracker shows differently - contact the [Federal Service Desk](#).
- Please note: It can take an additional 24-48 hours once activated in SAM.gov for the registration information to be available in other government systems.

How long does it take until an entity registration is considered active?

- The timeframe for validating your entity and submitting a registration depends on whether there is a match for your entity information in SAM.gov and what additional steps you need to take to validate your entity.
- After the entity validation is complete and you submit your registration, SAM.gov must check your TIN with the IRS and your CAGE code (if you have one) with DLA. This check can take **10-15 business days** to process.
- This time frame may be longer if the IRS or DLA flag your information for a manual review. During this time, your government business point of contact (POC) should watch their email, including their spam or junk folder, for communication.
- ****Please note that while SAM.gov interfaces with the system that process these additional reviews, we are not directly involved in their procedures or resolving issues with their reviews.**
- You will receive an email alerting you when these reviews are complete, and your registration is active or if it has been rejected for corrections to be made.
- It can take an additional 24-48 hours once activated in SAM.gov for the registration information to be available in other government systems.
- If you notice your registration has been Submitted for 15 business days or longer:
- Verify your workspace and the Check Status button on the home page of SAM.gov both display the same submitted status
- If they are the same- Contact CAGE to inquire about your processing status
- If they present conflicting statuses i.e., workspace shows submitted but status tracker shows differently- contact the Federal Service Desk .

How do I request a role on SAM.gov?

- To access an entity registration record, you must be granted a role with an entity in SAM.gov by an Entity Administrator. To access the interested vendor list and controlled attachments on contract opportunity notices, you also need a role with your entity. If you are unsure which role you need, please see this guide to [roles and permissions](#) on SAM.gov.
- Beginning March 3, 2023, third parties (contracted service providers who manage registrations on an entity's behalf but have no direct affiliation with the entity itself) will only be able to obtain the data entry or viewer role. They can no longer be designated as an entity administrator. Those individuals can still manage a registration with the data entry role but will not be able to grant anyone else access to do the same.
- Please click on [KB0016602](#) for additional reference material on how to request a role in SAM.gov
- View a [video on how to request a role or accept a role assignment](#)

Request a role in SAM.gov

- **To request a role with an entity, follow the instructions below:**

1. Sign in to SAM.gov and navigate to your Workspace.
2. Scroll down to the bottom of the page and, on the right side, select “Add A New Role.”

The screenshot displays the SAM.gov Workspace interface. On the left, the 'Entity Management' section shows a progress bar for entity registration with four stages: ACTIVE (1), DRAFT (0), WORK IN PROGRESS (0), and SUBMITTED (0). Below this, the 'System Accounts' section shows five stages: ACTIVE (0), DRAFT (0), CHANGE REQUEST (0), PENDING (0), and DEACTIVATED (0). On the right, the 'Pending Requests' section indicates 'No pending requests'. Below that, the 'Notifications' section indicates 'No available notifications'. At the bottom right, the 'Add A New Role' button is highlighted with a red dashed box. Below this button, there is a dropdown menu labeled 'Select a Role', a checkbox for 'I verify I have a business need for this role.', and a 'Request Role' button.

Request a role in SAM.gov

3. Complete the required fields, including your supervisor's name and email, organization, role, domain, any additional details about your position, and why you need the requested role.

You can also request a role from this area by selecting the “Request Role” button on the right side of the page.

[View a video on how to request a role or accept a role assignment.](#)

If no direct entity employee, officer, or board member in your organization holds the Entity Administrator role for your entity registration, you can submit an Entity Administrator Appointment Letter to gain access to the existing registration. Please see [How can I become the new administrator for our entity registration?](#)

Where do I go for help?

1. Use SAM.gov self help options <https://sam.gov/content/help>

- Search option: Search help articles to find answers to your question
- Explore a menu of most popular help topics

2. Ask the federal service desk at https://www.fsd.gov/gsafsd_sp for FREE help.

● They can help with:

- Creating an account
- Assigning roles to an account
- Entity Registrations
- Exclusions
- Searching for data in SAM

Most Common Issues

1. Do you need to appoint an Entity Administrator?

- See the FSD.gov Knowledge Article:

How can I become the new administrator for our entity registration? (KB0016652)

- Create a ticket via the Federal Service Desk (fsd.gov) and attach the Entity Administrator letter to that ticket.
- If you have already submitted an Entity Administrator letter - You will receive direct updates via the FSD ticket once a decision (approval or rejection) has been made
- Be responsive to the Agent's comments

What to Expect: Tickets are reviewed in the order in which they are received.

Most Common Issues

2. Do you need to Validate your Entity?

- See the FSD.gov Knowledge Article:
 - I am unable to find a matching entity when asked to enter or validate my entity information (KB0055230)
 - Validating your Entity (KB0058422)
 - What documentation do I need to validate my entity? (KB0055230)
- Create an FSD ticket by going to the Entity's workspace in SAM, click the three-dot 'Actions' menu and select 'Update'; on the next screen click 'Create Incident'
- Be responsive to the Agent's comments or the FSD ticket will be closed

What to Expect: Tickets are reviewed in the order in which they are received.

Most Common Issues

3. Do you need to Submit a Registration?

- See the FSD.gov Knowledge Article:

How can I become the new administrator for our entity registration? (KB0016652)

- Create a ticket via the Federal Service Desk (fsd.gov) and attach the Entity Administrator letter to that ticket.

4. Have you Submitted a Registration?

- Users with assigned roles with the registration can monitor the process via this path:
- Log in to SAM.gov → from the Homepage, select 'Check Registration Status' → and enter the UEI or Legal Business Name
- If the registration is rejected, the Entity must follow the instructions provided by either IRS or CAGE to reconcile any discrepancies.

What to Expect: Normal processing times are 10 business days from the date the registration was submitted.

Common Issues: Addresses not matching

Physical Address must match CAGE/NCAGE: FSD Articles KB0055230 & KB0061654
