## SUMMARY OF CHANGES

The purpose of this amendment is to provide answers to questions submitted by prospective contractors:

Questions:

Q1: 1. Does the government want to remove 7 Remstar units and replace them with 7 new Remstar or similar units?

A1: Yes. The contractor is responsible for removing the 7 existing vertical carousel units and providing 7 new units that meet the specifications in the Statement of Work. The government is not requiring the Remstar brand specifically—any brand is acceptable as long as the new units meet or exceed all required performance characteristics. Offerors must include enough technical information (such as product literature) to show that their proposed units comply with the solicitation.

Q2: 2. Is there a sprinkler system attached to any of the vertical carousels?

A2: No. There is no sprinkler system attached to any of the existing vertical carousels.

Q3: 3. If there is a sprinkler system attached to any of the vertical carousels who is responsible for draining/shutoff/repressurizing?

A3: Not applicable. There is no sprinkler system attached to any of the existing vertical carousels.

Q4: 4. Is the RFQ due date 12 February 2026?

A4: No. As stated in the COMBO, the RFQ due date and time are:  
18 February 2026 at 10:00 AM PT.

Q5: When is the government looking to start the teardown/installation?

A5: The Contractor is responsible for providing the actual lead time required to complete the removal and installation in accordance with the SOW. The Government will coordinate scheduling based on the proposed lead time and mission requirements.

All other items remain unchanged.

Fill out blocks 15a, 15b, and 15c and provide a copy with your proposal.
