**PART I - THE SCHEDULE
SECTION B
SUPPLIES OR SERVICES AND PRICES/COSTS**

In accordance with the attached CAV AF Reporting Requirements (see the document listed in Section J), the Contractor shall include a DD1348-1 when assets are shipped. DCMA Quality Assurance Representatives (QARs) will not approve or sign the DD1348-1, but will ensure a DD1348-1 is included with each returned asset. If a DD1348-1 is not included with each returned asset, DCMA will not sign the receiving report (DD250).

REMANUFACTURE

A 5-YEAR FIRM-FIXED PRICE REQUIREMENTS CONTRACT IS CONTEMPLATED.

NOTE: It is anticipated that pricing of this action will be based on adequate price competition; therefore, offerors are not required to submit certified cost or pricing data at the time of proposal. However, after receipt of proposals, it is determined that adequate price competition does not exist, a request for other than certified cost or pricing data may be required in accordance with FAR 15.403-1(b)(1).

52.232-18 Availability of Funds. As prescribed in 32.706-1(a), insert the following clause: **Availability of Funds (Apr 1984)**

Funds are not presently available for this contract. The Government's obligation under this contract is contingent upon the availability of appropriated funds from which payment for contract purposes can be made. No legal liability on the part of the Government for any payment may arise until funds are made available to the Contracting Officer for this contract and until the Contractor receives notice of such availability, to be confirmed in writing by the Contracting Officer. (End of clause)

- (a) A Pre-Award Survey and/or Initial Production Evaluation (IPE) is required. Details are provided in Appendix A, paragraphs 1.2 and 1.3 respectively.
- (b) The contractor shall furnish all material, plant facilities, labor, parts, equipment, and expertise necessary to perform the remanufacture required to restore the end item to a like-new condition. The contractor shall also accomplish ALL necessary packing and preservation and packaging. **ALL work shall be completed in accordance with the requirements specified herein (including attachments hereto) and all costs associated with work specifications, technical orders, and/or cost associated with Over and Above request (excluding missing parts) shall be included in the unit price. The government shall only pay the contractor for missing components after review and approval of O&A request. No additional cost will be allowed (i.e. material handling, profit, direct or indirect costs).**
- (c) Qualification requirements apply. Interested vendors that have not been previously qualified for this acquisition must submit a Source Approval Request (SAR) package to the Tinker AFB Small Business Office. For questions regarding the Tinker SAR Process or related issues, these inquiries should be submitted to the TAFB Small Business Office at: AFSC/SB, 3001 Staff Drive, Suite 1AG 85A, Tinker AFB, OK 73145-3009. Email: afsc.sb.workflow@us.af.mil Website: <https://www.afsc.af.mil/units/sbo/index.asp>. The actual SAR package submission itself shall be submitted electronically through DoD SAFE at <https://safe.apps.mil/>. DoD SAFE is a safe and secure option for large file submissions. If you have a PKI Certificate, the SAR can be sent directly to the email address below via DoD SAFE. If you do not have a PKI Certificate, then you must send a standard email message to the email address below and ask that they "Request a Drop-Off" to your email via DoD SAFE, which will enable you to be able to upload the SAR Submission Package documents to DoD SAFE.

429SCMS.SASPO.Workflow@us.af.mil

For more information on the Strategic Alternate Sourcing Program, please visit:
<https://www.tinker.af.mil/Home/429SCMS-SASPO/>

As prescribed in FAR 9.202(e), the contracting officer need not delay a proposed award in order to provide a potential offeror with an opportunity to demonstrate its ability to meet the standards specified for qualification.

(d) In order to receive any technical data related to this acquisition, offerors must send an email request to Dessie Breslin at dessie.breslin@us.af.mil AND Amy Gil at amy.gil@us.af.mil. Release of any data is subject to applicable data rights. The request shall include the applicable solicitation number, the specific data needed (including TO(s)), and a copy of the current, approved DD Form 2345. The form, including instructions for completing the form, is available at: <http://www.dtic.mil/whs/directives/infomgt/forms/forminfo/forminfo2220.html>. The Government is not responsible for incomplete, misdirected, or untimely requests.**

In order to receive drawings contractors will need to request all needed drawings through the JEDMICS website: <https://af-jedmics.navair.navy.mil/webjedmics/index.jsp>. Contractors who need an account will need to complete the instructions at the above link.

(e) GOVERNMENT PROPERTY FURNISHED FOR REPAIR (FAR 16.503(c))

Failure of the Government to furnish such items in the amounts or quantities described in the Schedule as "estimated" or "maximum" will not entitle the contractor to any equitable adjustment in price under the Government Property clause of the contract.

(f) END ITEMS BEYOND REMANUFACTURE

"Reparable End Items" are defined as end items which can be restored to a serviceable condition, in accordance with applicable requirements. Some units of items listed in Section B may, upon disassembly and/or inspection, be determined to be beyond the overhaul limits specified in the Work Specification and/or Technical Orders. Any cost for work performed by the Contractor prior to determination that such equipment is beyond these limits, shall be included in the unit price(s) of the listed item(s).

(g) If the contractor estimates that any item is not reparable (i.e. beyond overhaul), the Contractor shall promptly notify the administrative contracting officer in writing and shall not perform further on any such items except after receipt of approval from the direction of the procurement contracting officer (PCO). Upon written confirmation from the PCO that a particular item is not reparable, the contractor shall dispose of the unit in the manner directed by the PCO.

Contractors are cautioned that until a contract is executed, any effort performed in support of the anticipated effort is performed strictly at their own risk and expense. There is no authorization to begin performance until the contractor has received a duly authorized contract signed by the Contracting Officer. Also, this request for proposal is not to be construed to mean that the award of a contract is assured, as the availability of funds, timely submission of all requested documents, and acceptance by both parties are prerequisite to any contract award.

(h) Condemned units shall not be counted as production.

(i) In the event there are component part(s) with long lead times, the awardee is responsible for securing necessary parts to meet the Government's required delivery schedule.

(j) In the event that DFARS clause 252.217-7001, Surge Option, is invoked, quantities and prices will be negotiated at that time. The fill-in data in Clause 252.217-7001 will be TBD until a surge is known and negotiations are necessary.

(k) Item Unique Identification (IUID) marking is required in accordance with DFARS 252.211-7003. Contractor determined location and method of marking is acceptable.

(l) Dates listed in clauses 52.216-19 and 52.216-21 are based on the estimated award date. These dates will be revised prior to award based on the actual award date.

(m) Some units of items listed in Section B may, upon disassembly and/or inspection, be determined to be beyond economical repair of limits specified in the Work Specification and/or Technical Orders. **All cost for work performed by the contractor prior to determination that such equipment is beyond these limits, shall be included in the unit price(s) of the listed item(s).**

(n) In accordance with the attached CAV AF Reporting Requirements (see the document listed in Section J), the contractor must include a DD1348-1 when assets are shipped. DCMA Quality Assurance Representatives (QARs) will not approve or sign the DD1348-1, but will ensure DD1348-1 is included with each returned asset. If a DD1348-1 is not included with each returned asset, DCMA will not sign the DD250.

(o) In accordance with DAFFARS 5309.105-1 the Supplier Performance Risk System (SPRS) is checked for supplier risk assessments when determining responsibility. DFARS 252.204.7303(b) states that the contracting officer shall verify that the summary level score of a current NIST SP 800-171 DoD Assessment (i.e., not more than 3 years old, unless a lesser time is specified in the solicitation) for each covered contractor information system that is relevant to an offer, contract, task order, or delivery order are posted in Supplier Performance Risk System (SPRS). Offerors are required to represent they will implement National Institute of Standards and Technology (NIST) Special Publication (SP) 800-171 SP 800-171 (reference the provision DFARS 252.204-7008). **A score of 110 must be in SPRS, if assessment score is less than 110, contractors must submit a plan with their proposal to become compliant.**

DESCRIPTION

"Over and above work" means work discovered during the course of performing overhaul, maintenance, and repair efforts that is -

- (i) Within the general scope of the contract;
- (ii) Not covered by the line item(s) for the basic work under the contract; and
- (iii) Necessary in order to satisfactorily complete the contract.

"Over and above work" shall be performed IAW the Appendix A and DFARS clause 252.217-7028. The Government shall be the sole authority to determine whether over and above work is appropriate. When over and above work is required a subCLIN shall be established on the order for authorization and funding. Delivery will be as negotiated between the Contractor and ACO/PCO.

FIXED PRICED ITEMS

At any time during contract performance, when sufficient data becomes available on a repetitive task being performed, either the Contractor or the Contracting Officer (Administrative or Procuring) may request a negotiation to establish a firm-fixed-price for that item for the remaining life of the contract.

Fixed priced items shall be defined as they are negotiated.

SECTION D
PACKAGING AND MARKING**

MIL-STD-130: Items shall be marked in accordance with MIL-STD-130. The National Stock Number (NSN), and when assigned, the Configuration Item Identifier (CII), serial number, and military type designation information shall be marked on major assemblies, units, groups, and sets. Special attention must be given to requirements governing the application of the actual manufacturer's Federal Supply Code for Manufacturers (FSCM) to the physical item. Items which are excluded in accordance with paragraph 1.1 of MIL-STD-130, Revision M, shall be marked in accordance with the appropriate document.

2. PACKAGE AND CONTAINER MARKING: Shipments will not be made until the NSN has been assigned, unless specifically authorized by the Contracting Officer.

MIL-STD-129/ASTM-D-3951:

a. Interior packages and shipping containers shall be marked in accordance with MIL-STD-129 when Military packing is specified and ASTM-D-3951 when commercial packaging is specified. The requirements of paragraph 2.h apply regardless of which packaging is utilized.

(1) Design manufacturer's name, trademark or manufacturer's code (from Cataloging Handbook H4-1 or H4-2), identifying number, and serial number, when applicable, shall be included in the identification marking.

(2) When applicable, the Air Force project designator code shall be included as the last line of the address marking and the project name related to the project code shall be marked in the clear on the exterior shipping container.

b. Tags and labels, when required, shall be contractor's tags or labels conforming to the requirements of MIL-STD-129 or as approved by the procuring activity. Contractor's forms which indicate serviceable condition shall not be any shade of green or red. Labels are authorized to be used on metal containers. Items requiring technical order (T.O.) certification shall be annotated on inner and outer container tags or label with T.O. compliance.

c. When dummy containers are used in a unitized load, the dummy containers shall be clearly marked "DUMMY CONTAINER" and located in the load so that the marking will be plainly visible to receiving and storage personnel.

d. All interior packages and shipping containers for articles and materials classified as hazardous or restricted under provisions of Title 49, Code of Federal Regulations, or AFR 71-4/DLAM 4145.3/TM 38-250/NAVSUP PUB 505/MCO P 4030.19 shall be marked, regardless of exemption for mode of transportation, with proper shipping name of item; flash point of all liquids having a flash point of 200 degrees F. or below; and percentage concentration of acids and corrosive liquids. In addition, the quantity of each hazardous or restricted material included in a container shall be annotated adjacent to the shipping name of the item, e.g., Acetic Acid (80% concentration) -- 1 qt.

e. On shipments of firearms regardless of mode of transportation, selected elements of identification and contractor data markings shall be omitted or obliterated in accordance with the requirements of MIL-STD-129 regarding sensitive items and packing lists shall be placed only inside the containers.

f. Special markings for packages and containers when specified on AFMC Form 158 shall be complied with as a part of MIL-STD-129.

g. All special coated terneplate containers shall be marked with the legend "CAUTION--DO NOT REUSE AS FOOD CONTAINERS."

h. Bar code markings in accordance with MIL-STD-129 shall apply to all units, intermediate and exterior containers for all items going into stock regardless of package size or levels of package specified (including commercial packaging). In addition to the NSN/NATO stock number, the exterior shipping container shall include the 13 digit contract number (plus, if applicable, the four digit call number). Excluded from Bar Code Marking are:

(1) Foreign Military Sales.

(2) Direct Vendor Delivery (DVD)/Government Furnished Equipment (GFE) shipments.

(3) Multipack Exterior Shipping Containers. (Unit and intermediate containers do require a bar coded NSN/NATO stock number. However, the next container (unit or intermediate) inside the multipack will also require a bar coded NSN/NATO stock number and contract number with call number, if applicable, in the lower right hand corner).

(4) All unpacked or uncrated items; e.g., vehicles, tires, etc.

i. Shipments of wheeled items weighing 2,000 pounds or more and scheduled for transportation by military aircraft will be marked with the individual axle weights in accordance with MIL-STD-129.

3. WARRANTED ITEMS: When the contract contains warranty requirements, warranty information shall be applied on containers and items as follows:

a. Container markings shall be as specified in MIL-STD-129. The period or conditions of the warranty shall be specifically stated, i.e., landings, flight hours, operating hours, days from shipping date, etc.

b. Items shall be marked in accordance with requirements of MIL-STD-130. Markings shall be located in a manner so as to be conspicuous to the person removing the item from service. When no deleterious effect or functional degradation is caused, the markings shall be black letters on yellow FED-STD-595 color 13655) background. The marking shall include the same period or condition required on the containers.

- 252.232-7006** **WIDE AREA WORKFLOW PAYMENT INSTRUCTIONS** (JAN 2023)
(IAW DFARS 232.7004(b), PGI 232.7004(b)(1), DFARS 212.301(f)(liii))

(a) *Definitions.* As used in this clause—

“Department of Defense Activity Address Code (DoDAAC)” is a six position code that uniquely identifies a unit, activity, or organization.

“Document type” means the type of payment request or receiving report available for creation in Wide Area WorkFlow (WAWF).

“Local processing office (LPO)” is the office responsible for payment certification when payment certification is done external to the entitlement system.

“Payment request” and “receiving report” are defined in the clause at 252.232-7003, Electronic Submission of Payment Requests and Receiving Reports.

(b) *Electronic invoicing.* The WAWF system provides the method to electronically process vendor payment requests and receiving reports, as authorized by Defense Federal Acquisition Regulation Supplement (DFARS) 252.232-7003, Electronic Submission of Payment Requests and Receiving Reports.

(c) *WAWF access.* To access WAWF, the Contractor shall—

- (1) Have a designated electronic business point of contact in the System for Award Management at <https://www.sam.gov>; and
- (2) Be registered to use WAWF at <https://wawf.eb.mil/> following the step-by-step procedures for self-registration available at this web site.

(d) *WAWF training.* The Contractor should follow the training instructions of the WAWF Web-Based Training Course and use the Practice Training Site before submitting payment requests through WAWF. Both can be accessed by selecting the “Web Based Training” link on the WAWF home page at <https://wawf.eb.mil/>.

(e) *WAWF methods of document submission.* Document submissions may be via web entry, Electronic Data Interchange, or File Transfer Protocol.

(f) *WAWF payment instructions.* The Contractor shall use the following information when submitting payment requests and receiving reports in WAWF for this contract or task or delivery order:

- (1) Document type. The Contractor shall submit payment requests using the following document type(s):
 - (i) For cost-type line items, including labor-hour or time-and-materials, submit a cost voucher.
 - (ii) For fixed price line items—
 - (A) That require shipment of a deliverable, submit the invoice and receiving report specified by the Contracting Officer.

(Contracting Officer: Insert applicable invoice and receiving report document type(s) for fixed price line items that require shipment of a deliverable.)

(B) For services that do not require shipment of a deliverable, submit either the Invoice 2in1, which meets the requirements for the invoice and receiving report, or the applicable invoice and receiving report, as specified by the Contracting Officer.

(Contracting Officer: Insert either “Invoice 2in1” or the applicable invoice and receiving report document type(s) for fixed price line items for services.)

- (iii) For customary progress payments based on costs incurred, submit a progress payment request.
- (iv) For performance based payments, submit a performance based payment request.
- (v) For commercial financing, submit a commercial financing request.

(2) Fast Pay requests are only permitted when Federal Acquisition Regulation (FAR) 52.213-1 is included in the contract.

(f) [Note: The Contractor may use a WAWF “combo” document type to create some combinations of invoice and receiving report in one step.]

(3) Document routing. The Contractor shall use the information in the Routing Data Table below only to fill in applicable fields in WAWF when creating payment requests and receiving reports in the system.

(**Contracting Officer: If the contract provides for progress payments or performance-based payments, insert the DoDAAC for the contract administration office assigned the functions under FAR 42.302(a)(13).)

(4) Payment request. The Contractor shall ensure a payment request includes documentation appropriate to the type of payment request in accordance with the payment clause, contract financing clause, or Federal Acquisition Regulation 52.216-7, Allowable Cost and Payment, as applicable.

(5) Receiving report. The Contractor shall ensure a receiving report meets the requirements of DFARS Appendix F.

(g) WAWF point of contact.

(1) The Contractor may obtain clarification regarding invoicing in WAWF from the following contracting activity's WAWF point of contact.

(Contracting Officer: Insert applicable information or "Not applicable.")

(2) Contact the WAWF helpdesk at 866-618-5988, if assistance is needed

(The above Clause/Provision has been modified.)

PART II - CONTRACT CLAUSES
SECTION I
CONTRACT CLAUSES

5352.201-9101 OMBUDSMAN (JUN 2023)
(IAW DAFFARS 5301.9103)

(a) An ombudsman has been appointed to hear and facilitate the resolution of concerns from offerors, potential offerors, and others for this acquisition. When requested, the ombudsman will maintain strict confidentiality as to the source of the concern. The existence of the ombudsman does not affect the authority of the program manager, contracting officer, or source selection official. Further, the ombudsman does not participate in the evaluation of proposals, the source selection process, or the adjudication of protests or formal contract disputes. The ombudsman may refer the interested party to another official who can resolve the concern.

(b) Before consulting with an ombudsman, interested parties must first address their concerns, issues, disagreements, and/or recommendations to the contracting officer for resolution. Consulting an ombudsman does not alter or postpone the timelines for any other processes (e.g., agency level bid protests, GAO bid protests, requests for debriefings, employee-employer actions, contests of OMB Circular A-76 competition performance decisions).

(c) If resolution cannot be made by the contracting officer, the interested party may contact the ombudsman, AFSC/PZC at 405 736-3273 __, FAX 000 000-0000, email __. Concerns, issues, disagreements, and recommendations that cannot be resolved at the Center/MAJCOM/DRU/SMC ombudsman level, may be brought by the interested party for further consideration to the Department of the Air Force ombudsman, Associate Deputy Assistant Secretary (ADAS) (Contracting), SAF/AQC, 1060 Air Force Pentagon, Washington DC 20330-1060, phone number (571) 256-2395, facsimile number (571) 256-2431.

(d) The ombudsman has no authority to render a decision that binds the agency.

(e) Do not contact the ombudsman to request copies of the solicitation, verify offer due date, or clarify technical requirements. Such inquiries shall be directed to the contracting officer.

(a) *Definitions.* As used in this clause— *Covered contract* means any DoD contract or subcontract with a value in excess of \$5 million, not including contracts for commercial products and commercial services. *Covered entity* means any corporation, company, limited liability company, limited partnership, business trust, business association, or other similar entity, including any subsidiary thereof, performing work on a covered contract in the People's Republic of China, including by leasing or owning real property used in the performance of the covered contract in the People's Republic of China.

(b) *Disclosure requirement.*

(1) In accordance with section 855 of the National Defense Authorization Act for Fiscal Year 2022 (Pub. L. 117-81, 10 U.S.C. 4651 note prec.), DoD may not award, extend, or exercise an option on a covered contract with a covered entity unless such covered entity submits each required disclosure of its use of workforce and facilities in the People's Republic of China, if it employs one or more individuals who perform work in the People's Republic of China on a covered contract.

(2) If the Contractor is a covered entity, the Contractor shall disclose for the Government's fiscal years 2023 and 2024, the Contractor's employment of one or more individuals who perform work in the People's Republic of China on any covered contract. The disclosures shall include—

(i) The total number of such individuals who perform work in the People's Republic of China on the covered contracts funded by DoD; and

(ii) A description of the physical presence, including street address or addresses in the People's Republic of China, where work on the covered contract is performed.

(c) *Subcontracts.* The Contractor shall insert this clause, including this paragraph (c), without alteration other than to identify the appropriate parties, in all subcontracts that meet the definition of a covered contract.

- 252.227-7013 RIGHTS IN TECHNICAL DATA--OTHER THAN COMMERCIAL PRODUCTS AND COMMERCIAL SERVICES (JAN 2025)**
(IAW DFARS 227.7102-4(b), DFARS 227.7103-6(a))

(a) Definitions. As used in this clause—

"Computer data base" means a collection of data recorded in a form capable of being processed by a computer. The term does not include computer software.

"Computer program" means a set of instructions, rules, or routines recorded in a form that is capable of causing a computer to perform a specific operation or series of operations.

"Computer software" means computer programs, source code, source code listings, object code listings, design details, algorithms, processes, flow charts, formulae and related material that would enable the software to be reproduced,

recreated, or recompiled. Computer software does not include computer data bases or computer software documentation.

"Computer software documentation" means owner's manuals, user's manuals, installation instructions, operating instructions, and other similar items, regardless of storage medium, that explain the capabilities of the computer software or provide instructions for using the software.

"Covered Government support contractor" means a contractor (other than a litigation support contractor covered by 252.204-7014) under a contract, the primary purpose of which is to furnish independent and impartial advice or technical assistance directly to the Government in support of the Government's management and oversight of a program or effort, rather than to directly furnish an end item or service to accomplish a program or effort, provided that the contractor—

- (1) Is not affiliated with the prime contractor or a first-tier subcontractor on the program or effort, or with any direct competitor of such prime contractor or any such first-tier subcontractor in furnishing end items or services of the type developed or produced on the program or effort; and
- (2) Receives access to technical data or computer software for performance of a Government contract that contains the clause at 252.227-7025, Limitations on the Use or Disclosure of Government-Furnished Information Marked with Restrictive Legends.

"Detailed manufacturing or process data" means technical data that describe the steps, sequences, and conditions of manufacturing, processing or assembly used by the manufacturer to produce an item or component or to perform a process.

"Developed" means that an item, component, or process exists and is workable. Thus, the item or component must have been constructed or the process practiced. Workability is generally established when the item, component, or process has been analyzed or tested sufficiently to demonstrate to reasonable people skilled in the applicable art that there is a high probability that it will operate as intended. Whether, how much, and what type of analysis or testing is required to establish workability depends on the nature of the item, component, or process, and the state of the art. To be considered "developed," the item, component, or process need not be at the stage where it could be offered for sale or sold on the commercial market, nor must the item, component, or process be actually reduced to practice within the meaning of Title 35 of the United States Code.

"Developed exclusively at private expense" means development was accomplished entirely with costs charged to indirect cost pools, costs not allocated to a Government contract, or any combination thereof.

- (1) Private expense determinations should be made at the lowest practicable level.
- (2) Under fixed-price contracts, when total costs are greater than the firm-fixed-price or ceiling price of the contract, the additional development costs necessary to complete development shall not be considered when determining whether development was at Government, private, or mixed expense.

"Developed exclusively with Government funds" means development was not accomplished exclusively or partially at private expense.

"Developed with mixed funding" means development was accomplished partially with costs charged to indirect cost pools and/or costs not allocated to a government contract, and partially with costs charged directly to a government contract.

"Form, fit, and function data" means technical data that describe the required overall physical, functional, and performance characteristics (along with the qualification requirements, if applicable) of an item, component, or process to the extent necessary to permit identification of physically and functionally interchangeable items.

"Generated" means, with regard to technical data or computer software, first created in the performance of this contract.

"Government purpose" means any activity in which the United States Government is a party, including cooperative agreements with international or multi-national defense organizations, or sales or transfers by the United States Government to foreign governments or international organizations. Government purposes include competitive procurement, but do not include the rights to use, modify, reproduce, release, perform, display, or disclose technical data for commercial purposes or authorize others to do so.

"Government purpose rights" means the rights to—

- (1) Use, modify, reproduce, release, perform, display, or disclose technical data within the Government without restriction; and
- (2) Release or disclose technical data outside the Government and authorize persons to whom release or disclosure has been made to use, modify, reproduce, release, perform, display, or disclose that data for United States Government purposes.

"Limited rights" means the rights to use, modify, reproduce, release, perform, display, or disclose technical data, in whole or in part, within the Government. The Government may not, without the written permission of the party asserting limited rights, release or disclose the technical data outside the Government, use the technical data for manufacture, or authorize the technical data to be used by another party, except that the Government may reproduce, release, or disclose such data or authorize the use or reproduction of the data by persons outside the Government if—

- (1) The reproduction, release, disclosure, or use is—
 - (i) Necessary for emergency repair and overhaul; or
 - (ii) A release or disclosure to—

(A) A covered Government support contractor in performance of its covered Government support contract for use, modification, reproduction, performance, display, or release or disclosure to a person authorized to receive limited rights technical data; or

(B) A foreign government, of technical data other than detailed manufacturing or process data, when use of such data by the foreign government is in the interest of the Government and is required for evaluational or informational purposes;

(2) The recipient of the technical data is subject to a prohibition on the further reproduction, release, disclosure, or use of the technical data; and

(3) The contractor or subcontractor asserting the restriction is notified of such reproduction, release, disclosure, or use.

"Small Business Innovation Research/Small Business Technology Transfer (SBIR/STTR) data" means all technical data or computer software developed or generated in the performance of a phase I, II, or III SBIR/STTR contract or subcontract.

"Technical data" means recorded information, regardless of the form or method of the recording, of a scientific or technical nature (including computer software documentation). The term does not include computer software or financial, administrative, cost or pricing, or management information, or information incidental to contract administration.

"Unlimited rights" means rights to use, modify, reproduce, perform, display, release, or disclose technical data in whole or in part, in any manner, and for any purpose whatsoever, and to have or authorize others to do so.

(b) Applicability.

(1) Except as provided in paragraph (b)(2) of this clause—

(i) This clause governs all technical data pertaining to other than commercial products or commercial services or to any portion of a commercial product or commercial service that was developed in any part at Government expense; and

(ii) The clause at Defense Federal Acquisition Regulation Supplement (DFARS) 252.227-7015, Technical Data—Commercial Products and Commercial Services, governs the technical data pertaining to any portion of a commercial product or commercial service that was developed exclusively at private expense.

(2) The clause at DFARS 252.227-7018, Rights in Other Than Commercial Technical Data and Computer Software—Small Business Innovation Research Program and Small Business Technology Transfer Program, governs technical data that are SBIR/STTR data.

(c) Rights in technical data. The Contractor grants or shall obtain for the Government the following royalty free, worldwide, nonexclusive, irrevocable license rights in technical data other than computer software documentation (see the DFARS 252.227-7014, Rights in Other Than Commercial Computer Software and Other Than Commercial Computer Software Documentation, clause of this contract for rights in computer software documentation):

(1) Unlimited rights. The Government shall have unlimited rights in technical data that are—

(i) Data pertaining to an item, component, or process which has been or will be developed exclusively with Government funds;

(ii) Studies, analyses, test data, or similar data produced for this contract, when the study, analysis, test, or similar work was specified as an element of performance;

(iii) Created exclusively with Government funds in the performance of a contract that does not require the development, manufacture, construction, or production of items, components, or processes;

(iv) Form, fit, and function data;

(v) Necessary for installation, operation, maintenance, or training purposes (other than detailed manufacturing or process data);

(vi) Corrections or changes to technical data furnished to the Contractor by the Government;

(vii) Otherwise publicly available or have been released or disclosed by the Contractor or subcontractor without restrictions on further use, release or disclosure, other than a release or disclosure resulting from the sale, transfer, or other assignment of interest in the technical data to another party or the sale or transfer of some or all of a business entity or its assets to another party;

(viii) Data in which the Government has obtained unlimited rights under another Government contract or as a result of negotiations; or

(ix) Data furnished to the Government, under this or any other Government contract or subcontract thereunder, with—

(A) Government purpose license rights or limited rights and the restrictive condition(s) has/have expired; or

(B) Government purpose rights and the Contractor's exclusive right to use such data for commercial purposes has expired.

(2) Government purpose rights.

(i) The Government shall have government purpose rights for a 5-year period, or such other period as may be negotiated, in technical data—

- (A) That pertain to items, components, or processes developed with mixed funding except when the Government is entitled to unlimited rights in such data as provided in paragraphs (c)(1)(ii) and (c)(1)(iv) through (c)(1)(ix) of this clause; or
 - (B) Created with mixed funding in the performance of a contract that does not require the development, manufacture, construction, or production of items, components, or processes.
 - (ii) The 5-year period, or such other period as may have been negotiated, shall commence upon execution of the contract, subcontract, letter contract (or similar contractual instrument), contract modification, or option exercise that required development of the items, components, or processes or creation of the data described in paragraph (c)(2)(i)(B) of this clause. Upon expiration of the 5-year or other negotiated period, the Government shall have unlimited rights in the technical data.
 - (iii) The Government shall not release or disclose technical data in which it has government purpose rights unless—
 - (A) Prior to release or disclosure, the intended recipient is subject to the nondisclosure agreement at DFARS 227.7103-7; or
 - (B) The recipient is a Government contractor receiving access to the data for performance of a Government contract that contains the clause at DFARS 252.227-7025, Limitations on the Use or Disclosure of Government-Furnished Information Marked with Restrictive Legends.
 - (iv) The Contractor has the exclusive right, including the right to license others, to use technical data in which the Government has obtained government purpose rights under this contract for any commercial purpose during the time period specified in the government purpose rights legend prescribed in paragraph (g)(3) of this clause.
- (3) Limited rights.
- (i) Except as provided in paragraphs (c)(1)(ii) and (c)(1)(iv) through (c)(1)(ix) of this clause, the Government shall have limited rights in technical data—
 - (A) Pertaining to items, components, or processes developed exclusively at private expense and marked with the limited rights legend prescribed in paragraph (g) of this clause; or
 - (B) Created exclusively at private expense in the performance of a contract that does not require the development, manufacture, construction, or production of items, components, or processes.
 - (ii) The Government shall require a recipient of limited rights data for emergency repair or overhaul to destroy the data and all copies in its possession promptly following completion of the emergency repair/overhaul and to notify the Contractor that the data have been destroyed.
 - (iii) The Contractor, its subcontractors, and suppliers are not required to provide the Government additional rights to use, modify, reproduce, release, perform, display, or disclose technical data furnished to the Government with limited rights. However, if the Government desires to obtain additional rights in technical data in which it has limited rights, the Contractor agrees to promptly enter into negotiations with the Contracting Officer to determine whether there are acceptable terms for transferring such rights. All technical data in which the Contractor has granted the Government additional rights shall be listed or described in a license agreement made part of the contract. The license shall enumerate the additional rights granted the Government in such data.
 - (iv) The Contractor acknowledges that—
 - (A) Limited rights data are authorized to be released or disclosed to covered Government support contractors;
 - (B) The Contractor will be notified of such release or disclosure;
 - (C) The Contractor (or the party asserting restrictions as identified in the limited rights legend) may require each such covered Government support contractor to enter into a nondisclosure agreement directly with the Contractor (or the party asserting restrictions) regarding the covered Government support contractor's use of such data, or alternatively, that the Contractor (or party asserting restrictions) may waive in writing the requirement for a nondisclosure agreement; and
 - (D) Any such nondisclosure agreement shall address the restrictions on the covered Government support contractor's use of the limited rights data as set forth in the clause at DFARS 252.227-7025, Limitations on the Use or Disclosure of Government-Furnished Information Marked with Restrictive Legends. The nondisclosure agreement shall not include any additional terms and conditions unless mutually agreed to by the parties to the nondisclosure agreement.
- (4) Specifically negotiated license rights. The standard license rights granted to the Government under paragraphs (c)(1) through (c)(3) of this clause, including the period during which the Government shall have government purpose rights in technical data, may be modified by mutual agreement to provide such rights as the parties consider appropriate but shall not provide the Government lesser rights than are enumerated in the

definition of "limited rights" of this clause. Any rights so negotiated shall be identified in a license agreement made part of this contract.

(5) Prior government rights. Technical data that will be delivered, furnished, or otherwise provided to the Government under this contract, in which the Government has previously obtained rights shall be delivered, furnished, or provided with the preexisting rights, unless—

- (i) The parties have agreed otherwise; or
- (ii) Any restrictions on the Government's rights to use, modify, reproduce, release, perform, display, or disclose the data have expired or no longer apply.

(6) Release from liability. The Contractor agrees to release the Government from liability for any release or disclosure of technical data made in accordance with the definition of "limited rights" or paragraph (c)(2)(iii) of this clause, in accordance with the terms of a license negotiated under paragraph (c)(4) of this clause, or by others to whom the recipient has released or disclosed the data and to seek relief solely from the party who has improperly used, modified, reproduced, released, performed, displayed, or disclosed Contractor data marked with restrictive legends.

(d) *Contractor rights in technical data.* All rights not granted to the Government are retained by the Contractor.

(e) *Third party copyrighted data.*

The Contractor shall not, without the written approval of the Contracting Officer, incorporate any copyrighted data in the technical data to be delivered under this contract unless the Contractor is the copyright owner or has obtained for the Government the license rights necessary to perfect a license or licenses in the deliverable data of the appropriate scope set forth in paragraph (c) of this clause, and has affixed a statement of the license or licenses obtained on behalf of the Government and other persons to the data transmittal document.

(f) *Identification and delivery of data to be furnished with restrictions on use, release, or disclosure.*

- (1) This paragraph does not apply to restrictions based solely on copyright.
- (2) Except as provided in paragraph (f)(3) of this clause, technical data that the Contractor asserts should be furnished to the Government with restrictions on use, release, or disclosure are identified in an attachment to this contract (the Attachment). The Contractor shall not deliver any data with restrictive markings unless the data are listed on the Attachment.
- (3) In addition to the assertions made in the Attachment, other assertions may be identified after award when based on new information or inadvertent omissions unless the inadvertent omissions would have materially affected the source selection decision. Such identification and assertion shall be submitted to the Contracting Officer as soon as practicable prior to the scheduled date for delivery of the data, in the following format, and signed by an official authorized to contractually obligate the Contractor:

Identification and Assertion of Restrictions on the Government's Use, Release, or Disclosure of Technical Data.

The Contractor asserts for itself, or the persons identified below, that the Government's rights to use, release, or disclose the following technical data should be restricted—

Technical Data to be Furnished With Restrictions ¹	Basis for Assertion ²	Asserted Rights Category ³	Name of person Asserting Restrictions ⁴
(LIST)	(LIST)	(LIST)	(LIST)

¹If the assertion is applicable to items, components, or processes developed at private expense, identify both the data and each such item, component, or process.

²Generally, the development of an item, component, or process at private expense, either exclusively or partially, is the only basis for asserting restrictions on the Government's rights to use, release, or disclose technical data pertaining to such items, components, or processes. Indicate whether development was exclusively or partially at private expense. If development was not at private expense, enter the specific reason for asserting that the Government's rights should be restricted.

³Enter asserted rights category (e.g., government purpose license rights from a prior contract, rights in SBIR/STTR data generated under another contract, limited or government purpose rights under this or a prior contract, or specifically negotiated licenses).

⁴Corporation, individual, or other person, as appropriate.

(4) When requested by the Contracting Officer, the Contractor shall provide sufficient information to enable the Contracting Officer to evaluate the Contractor's assertions. The Contracting Officer reserves the right to add the Contractor's assertions to the Attachment and validate any listed assertion, at a later date, in accordance with the procedures in the DFARS 252.227-7037, Validation of Restrictive Markings on Technical Data, clause of this contract.

(g) Marking requirements. The Contractor, and its subcontractors or suppliers, may only assert restrictions on the Government's rights to use, modify, reproduce, release, perform, display, or disclose technical data to be delivered under this contract by marking the deliverable data subject to restriction. Except as provided in paragraph (g)(6) of this clause, only the following legends are authorized under this contract: the government purpose rights legend at paragraph (g)(3) of this clause; the limited rights legend at paragraph (g)(4) of this clause; the special license rights legend at paragraph (g)(5) of this clause; and a notice of copyright as prescribed under 17 U.S.C. 401 or 402.

(1) General marking instructions. The Contractor, or its subcontractors or suppliers, shall conspicuously and legibly mark the appropriate legend on all technical data that qualify for such markings. The authorized legends shall be placed on the transmittal document or storage container and, for printed material, each page of the printed material containing technical data for which restrictions are asserted. When only portions of a page of printed material are subject to the asserted restrictions, such portions shall be identified by circling, underscoring, with a note, or other appropriate identifier. Technical data transmitted directly from one computer or computer terminal to another shall contain a notice of asserted restrictions. Reproductions of technical data or any portions thereof subject to asserted restrictions shall also reproduce the asserted restrictions.

(2) Omitted markings.

(i) Technical data delivered or otherwise provided under this contract without restrictive markings will be presumed to have been delivered with unlimited rights. To the extent practicable, if the Contractor has requested permission (see paragraph (g)(2)(ii) of this clause) to correct an inadvertent omission of markings, the Contracting Officer will not release or disclose the technical data pending evaluation of the request.

(ii) The Contractor may request permission to have conforming and justified restrictive markings placed on unmarked technical data at its expense. The request must be received by the Contracting Officer within 6 months following the furnishing or delivery of such technical data, or any extension of that time approved by the Contracting Officer. The Contractor shall—

(A) Identify the technical data that should have been marked;

(B) Demonstrate that the omission of the marking was inadvertent, the proposed marking is justified and conforms with the requirements for the marking of technical data contained in this clause; and

(C) Acknowledge, in writing, that the Government has no liability with respect to any disclosure, reproduction, or use of the technical data made prior to the addition of the marking or resulting from the omission of the marking.

(3) Government purpose rights markings. Data delivered or otherwise furnished to the Government with government purpose rights shall be marked as follows:

GOVERNMENT PURPOSE RIGHTS

Contract Number _____
Contractor Name _____
Contractor _____
Address _____
Expiration Date _____

The Government's rights to use, modify, reproduce, release, perform, display, or disclose these technical data are restricted by paragraph (c)(2) of the DFARS 252.227-7013, Rights in Technical Data—Other Than Commercial Products and Commercial Services, clause contained in the above identified contract. No restrictions apply after the expiration date shown above. Any reproduction of technical data or portions thereof marked with this legend must also reproduce the markings.

(End of Legend)

(4) Limited rights markings. Data delivered or otherwise furnished to the Government with limited rights shall be marked as follows:

LIMITED RIGHTS

Contract Number _____
Contractor Name _____
Contractor Address _____

The Government's rights to use, modify, reproduce, release, perform, display, or disclose these technical data are restricted by paragraph (c)(3) of the DFARS 252.227-7013, Rights in Technical Data—Other Than Commercial Products and Commercial Services, clause contained in the above identified contract. Any reproduction of technical data or portions thereof marked with this legend must also reproduce the markings. Any person, other than the Government, who has been provided access to such data must promptly notify the above named Contractor.

(End of legend)

(5) Special license rights markings.

(i) Data in which the Government's rights stem from a specifically negotiated license shall be marked as follows:

SPECIAL LICENSE RIGHTS

The Government's rights to use, modify, reproduce, release, perform, display, or disclose these data are restricted by Contract Number _____[Insert contract number]_____, License Number _____[Insert license identifier]_____. Any reproduction of technical data or portions thereof marked with this legend must also reproduce the markings.

(End of legend)

(ii) For purposes of this clause, special licenses do not include government purpose license rights acquired under a prior contract (see paragraph (c)(5) of this clause).

(6) Preexisting data markings. If the terms of a prior contract or license permitted the Contractor to restrict the Government's rights to use, modify, reproduce, release, perform, display, or disclose technical data deliverable under this contract, and those restrictions are still applicable, the Contractor may mark such data with the appropriate restrictive legend for which the data qualified under the prior contract or license. The Contractor shall follow the marking procedures in paragraph (g)(1) of this clause.

(h) *Contractor procedures and records.* Throughout performance of this contract, the Contractor and its subcontractors or suppliers that will deliver technical data with other than unlimited rights, shall—

- (1) Have, maintain, and follow written procedures sufficient to assure that restrictive markings are used only when authorized by the terms of this clause; and
- (2) Maintain records sufficient to justify the validity of any restrictive markings on technical data delivered under this contract.

(i) *Removal of unjustified and nonconforming markings.*

(1) Unjustified technical data markings. The rights and obligations of the parties regarding the validation of restrictive markings on technical data furnished or to be furnished under this contract are contained in the DFARS 252.227-7037, Validation of Restrictive Markings on Technical Data, clause of this contract.

Notwithstanding any provision of this contract concerning inspection and acceptance, the Government may ignore or, at the Contractor's expense, correct or strike a marking if, in accordance with the procedures in the Validation of Restrictive Markings on Technical Data clause of this contract, a restrictive marking is determined to be unjustified.

(2) Nonconforming technical data markings. A nonconforming marking is a marking placed on technical data delivered or otherwise furnished to the Government under this contract that is not in the format authorized by this contract. Correction of nonconforming markings is not subject to the DFARS 252.227-7037, Validation of Restrictive Markings on Technical Data, clause of this contract. If the Contracting Officer notifies the Contractor

of a nonconforming marking and the Contractor fails to remove or correct such marking within 60 days, the Government may ignore or, at the Contractor's expense, remove or correct any nonconforming marking.

(j) *Relation to patents.* Nothing contained in this clause shall imply a license to the Government under any patent or be construed as affecting the scope of any license or other right otherwise granted to the Government under any patent.

(k) *Limitation on charges for rights in technical data.*

(1) The Contractor shall not charge to this contract any cost, including, but not limited to, license fees, royalties, or similar charges, for rights in technical data to be delivered under this contract when—

(i) The Government has acquired, by any means, the same or greater rights in the data; or

(ii) The data are available to the public without restrictions.

(2) The limitation in paragraph (k)(1) of this clause—

(i) Includes costs charged by a subcontractor or supplier, at any tier, or costs incurred by the Contractor to acquire rights in subcontractor or supplier technical data, if the subcontractor or supplier has been paid for such rights under any other Government contract or under a license conveying the rights to the Government; and

(ii) Does not include the reasonable costs of reproducing, handling, or mailing the documents or other media in which the technical data will be delivered.

(l) *Subcontractors or suppliers.*

(1) The Contractor shall ensure that the rights afforded its subcontractors and suppliers under 10 U.S.C. 3771-3775, 10 U.S.C. 3781-3786, 15 U.S.C. 638(j)(1)(B)(iii) and (v), and the identification, assertion, and delivery processes of paragraph (f) of this clause are recognized and protected.

(2) Whenever any technical data for other than commercial products or commercial services, or for commercial products or commercial services developed in any part at Government expense, are to be obtained from a subcontractor or supplier for delivery to the Government under this contract, the Contractor shall use the following clauses in the subcontract or other contractual instrument, including subcontracts or other contractual instruments for commercial products or commercial services, and require its subcontractors or suppliers to do so, without alteration, except to identify the parties:

(i)(A) Except as provided in paragraph (l)(2)(ii) of this clause, use this clause to govern the technical data pertaining to other than commercial products or commercial services or to any portion of a commercial product or commercial service that was developed in any part at Government expense.

(B) Use the clause at DFARS 252.227-7015, Technical Data—Commercial Products and Commercial Services, to govern the technical data pertaining to any portion of a commercial product or commercial service that was developed exclusively at private expense.

(ii) Use the clause at DFARS 252.227-7018, Rights in Other Than Commercial Technical Data and Computer Software—Small Business Innovation Research Program and Small Business Technology Transfer Program, to govern technical data that are SBIR/STTR data.

(3) No other clause shall be used to enlarge or diminish the Government's, the Contractor's, or a higher-tier subcontractor's or supplier's rights in a subcontractor's or supplier's technical data.

(4) Technical data required to be delivered by a subcontractor or supplier shall normally be delivered to the next higher-tier contractor, subcontractor, or supplier. However, when there is a requirement in the prime contract for data which may be submitted with other than unlimited rights by a subcontractor or supplier, then said subcontractor or supplier may fulfill its requirement by submitting such data directly to the Government, rather than through a higher-tier contractor, subcontractor, or supplier.

(5) The Contractor and higher-tier subcontractors or suppliers shall not use their power to award contracts as economic leverage to obtain rights in technical data from their subcontractors or suppliers.

(6) In no event shall the Contractor use its obligation to recognize and protect subcontractor or supplier rights in technical data as an excuse for failing to satisfy its contractual obligation to the Government.

(i) For the sole purpose of computing an interest penalty that might be due the Contractor, Government acceptance is deemed to occur constructively on the 7th day (unless otherwise specified in this contract) after the Contractor delivers the supplies or performs the services in accordance with the terms and conditions of the contract, unless there is a disagreement over quantity, quality, or Contractor compliance with a contract provision. If actual acceptance occurs within the constructive acceptance period, the Government will base the determination of an interest penalty on the actual date of acceptance. The constructive acceptance requirement does not, however, compel Government officials to accept supplies or services, perform contract administration functions, or make payment prior to fulfilling their responsibilities.

252.232-7003 ELECTRONIC SUBMISSION OF PAYMENT REQUESTS AND RECEIVING REPORTS (DEC 2018)
(IAW DFARS 232.7004(a))

(a) *Definitions.* As used in this clause—

(1) “Contract financing payment” and “invoice payment” have the meanings given in section 32.001 of the Federal Acquisition Regulation.

(2) “Electronic form” means any automated system that transmits information electronically from the initiating system to all affected systems. Facsimile, e-mail, and scanned documents are not acceptable electronic forms for submission of payment requests. However, scanned documents are acceptable when they are part of a submission of a payment request made using Wide Area WorkFlow (WAWF) or another electronic form authorized by the Contracting Officer.

(3) “Payment request” means any request for contract financing payment or invoice payment submitted by the Contractor under this contract.

(b) Except as provided in paragraph (c) of this clause, the Contractor shall submit payment requests and receiving reports using WAWF, in one of the following electronic formats that WAWF accepts: Electronic Data Interchange, Secure File Transfer Protocol, or World Wide Web input. Information regarding WAWF is available on the Internet at <https://wawf.eb.mil/>.

(c) The Contractor may submit a payment request and receiving report using other than WAWF only when—

(1) The Contracting Officer authorizes use of another electronic form. With such an authorization, the Contractor and the Contracting Officer shall agree to a plan, which shall include a timeline, specifying when the Contractor will transfer to WAWF;

(2) DoD is unable to receive a payment request or provide acceptance in electronic form;

(3) The Contracting Officer administering the contract for payment has determined, in writing, that electronic submission would be unduly burdensome to the Contractor. In such cases, the Contractor shall include a copy of the Contracting Officer’s determination with each request for payment; or

(4) DoD makes a payment for commercial transportation services provided under a Government rate tender or a contract for transportation services using a DoD-approved electronic third party payment system or other exempted vendor payment/invoicing system (*e.g.*, PowerTrack, Transportation Financial Management System, and Cargo and Billing System).

(d) The Contractor shall submit any non-electronic payment requests using the method or methods specified in Section G of the contract.

(e) In addition to the requirements of this clause, the Contractor shall meet the requirements of the appropriate payment clauses in this contract when submitting payment requests.

Substitute the following paragraphs (b), (d), and (e) for paragraphs (b) and (d) of the provision at FAR 52.204-8:

(b)(1) If the provision at FAR 52.204-7, System for Award Management, is included in this solicitation, paragraph (e) of this provision applies.

(2) If the provision at FAR 52.204-7, System for Award Management, is not included in this solicitation, and the Offeror has an active registration in the System for Award Management (SAM), the Offeror may choose to use paragraph (e) of this provision instead of completing the corresponding individual representations and certifications in the solicitation. The Offeror shall indicate which option applies by checking one of the following boxes:

☐ (i) Paragraph (e) applies.

☐ (ii) Paragraph (e) does not apply and the Offeror has completed the individual representations and certifications in the solicitation.

(d) (1) The following representations or certifications in the SAM database are applicable to this solicitation as indicated:

(i) 252.204-7016, Covered Defense Telecommunications Equipment or Services—Representation.
Applies to all solicitations.

(ii) 252.216-7008, Economic Price Adjustment--Wage Rates or Material Prices Controlled by a Foreign Government--Representation. Applies to solicitations for fixed-price supply and service contracts when the contract is to be performed wholly or in part in a foreign country, and a foreign government controls wage rates or material prices and may during contract performance impose a mandatory change in wages or prices of materials.

(iii) 252.225-7042, Authorization to Perform. Applies to all solicitations when performance will be wholly or in part in a foreign country.

(iv) 252.225-7049, Prohibition on Acquisition of Certain Foreign Commercial Satellite Services—Representation. Applies to solicitations for the acquisition of commercial satellite services.

(v) 252.225-7050, Disclosure of Ownership or Control by the Government of a Country that is a State Sponsor of Terrorism. Applies to all solicitations expected to result in contracts of \$150,000 or more.

(vi) 252.229-7012, Tax Exemptions (Italy)--Representation. Applies to solicitations when contract performance will be in Italy.

(vii) 252.229-7013, Tax Exemptions (Spain)--Representation. Applies to solicitations when contract performance will be in Spain.

(2) The following representations or certifications in SAM are applicable to this solicitation as indicated by the Contracting Officer; [**Contracting Officer check as appropriate.**]

☐ (i) 252.209-7002, Disclosure of Ownership or Control by a Foreign Government.

252.204-7008 COMPLIANCE WITH SAFEGUARDING COVERED DEFENSE INFORMATION CONTROLS (OCT 2016)
(IAW DFARS 204.7304(a))

252.204-7016 COVERED DEFENSE TELECOMMUNICATIONS EQUIPMENT OR SERVICES -- REPRESENTATION (DEC 2019)
(IAW 204.2105(a))

(a) Definitions. As used in this provision, covered defense telecommunications equipment or services has the meaning provided in the clause 252.204-7018, Prohibition on the Acquisition of Covered Defense Telecommunications Equipment or Services.

(b) Procedures. The Offeror shall review the list of excluded parties in the System for Award Management (SAM) (<https://www.sam.gov>) for entities excluded from receiving federal awards for “covered defense telecommunications equipment or services”.

(c) Representation. The Offeror represents that it [] does, [] does not provide covered defense telecommunications equipment or services as a part of its offered products or services to the Government in the performance of any contract, subcontract, or other contractual instrument.

252.204-7017 PROHIBITION ON THE ACQUISITION OF COVERED DEFENSE TELECOMMUNICATIONS EQUIPMENT OR SERVICES--REPRESENTATION (MAY 2021)
(IAW DFARS 204.2105(b))

The Offeror is not required to complete the representation in this provision if the Offeror has represented in the provision at 252.204-7016, Covered Defense Telecommunications Equipment or Services—Representation, that it “does not provide covered defense telecommunications equipment or services as a part of its offered products or services to the Government in the performance of any contract, subcontract, or other contractual instrument.”

(a) Definitions. Covered defense telecommunications equipment or services, covered mission, critical technology, and substantial or essential component, as used in this provision, have the meanings given in the 252.204-7018 clause, Prohibition on the Acquisition of Covered Defense Telecommunications Equipment or Services, of this solicitation.

(b) Prohibition. Section 1656 of the National Defense Authorization Act for Fiscal Year 2018 (Pub. L. 115-91) prohibits agencies from procuring or obtaining, or extending or renewing a contract to procure or obtain, any equipment, system, or service to carry out covered missions that uses covered defense telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of

any system.

(c) Procedures. The Offeror shall review the list of excluded parties in the System for Award Management (SAM) at [https:// www.sam.gov](https://www.sam.gov) for entities that are excluded when providing any equipment, system, or service to carry out covered missions that uses covered defense telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system, unless a waiver is granted.

(d) Representation. If in its annual representations and certifications in SAM the Offeror has represented in paragraph (c) of the provision at 252.204-7016, Covered Defense Telecommunications Equipment or Services—Representation, that it “does” provide covered defense telecommunications equipment or services as a part of its offered products or services to the Government in the performance of any contract, subcontract, or other contractual instrument, then the Offeror shall complete the following additional representation:

The Offeror represents that it [] will [] will not provide covered defense telecommunications equipment or services as a part of its offered products or services to DoD in the performance of any award resulting from this solicitation.

(e) Disclosures. If the Offeror has represented in paragraph (d) of this provision that it “will provide covered defense telecommunications equipment or services,” the Offeror shall provide the following information as part of the offer:

(1) A description of all covered defense telecommunications equipment and services offered (include brand or manufacturer; product, such as model number, original equipment manufacturer (OEM) number, manufacturer part number, or wholesaler number; and item description, as applicable).

(2) An explanation of the proposed use of covered defense telecommunications equipment and services and any factors relevant to determining if such use would be permissible under the prohibition referenced in paragraph (b) of this provision.

(3) For services, the entity providing the covered defense telecommunications services (include entity name, unique entity identifier, and Commercial and Government Entity (CAGE) code, if known).

(4) For equipment, the entity that produced or provided the covered defense telecommunications equipment (include entity name, unique entity identifier, CAGE code, and whether the entity was the OEM or a distributor, if known).

252.204-7019

NOTICE OF NIST SP 800-171 DOD ASSESSMENT REQUIREMENTS (NOV 2023) (IAW DFARS 204.7304(d))

(a) Definitions.

“Basic Assessment”, “Medium Assessment”, and “High Assessment” have the meaning given in the clause 252.204-7020, NIST SP 800-171 DoD Assessments.

“Covered contractor information system” has the meaning given in the clause 252.204-7012, Safeguarding Covered Defense Information and Cyber Incident Reporting, of this solicitation.

(b) Requirement. In order to be considered for award, if the Offeror is required to implement NIST SP 800-171, the Offeror shall have a current assessment (i.e., not more than 3 years old unless a lesser time is specified in the solicitation) (see 252.204-7020) for each covered contractor information system that is relevant to the offer, contract, task order, or delivery order. The Basic, Medium, and High NIST SP 800-171 DoD Assessments are described in the NIST SP 800-171 DoD Assessment Methodology located at <https://www.acq.osd.mil/asda/dpc/cp/cyber/safeguarding.html#nistSP800171>

(c) Procedures.

12. The Offeror shall verify that summary level scores of a current NIST SP 800-171 DoD Assessment (i.e., not more than 3 years old unless a lesser time is specified in the solicitation) are posted in the Supplier Performance Risk System (SPRS) (<https://www.sprs.csd.disa.mil/>) for all covered contractor information systems relevant to the offer.

(2) If the Offeror does not have summary level scores of a current NIST SP 800-171 DoD Assessment (i.e., not more than 3 years old unless a lesser time is specified in the solicitation) posted in SPRS, the Offeror may conduct and submit a Basic Assessment to webptsmh@navy.mil for posting to SPRS in the format identified in paragraph (d) of this provision.

(d) *Summary level scores.* Summary level scores for all assessments will be posted 30 days post-assessment in SPRS to provide DoD Components visibility into the summary level scores of strategic assessments.

(1) *Basic Assessments.* An Offeror may follow the procedures in paragraph (c)(2) of this provision for posting Basic Assessments to SPRS.

(i) The email shall include the following information:

(A) Cybersecurity standard assessed (e.g., NIST SP 800-171 Rev 1).

(B) Organization conducting the assessment (e.g., Contractor self-assessment).

(C) For each system security plan (security requirement 3.12.4) supporting the performance of a DoD contract—

(1) All industry Commercial and Government Entity (CAGE) code(s) associated with the information system(s) addressed by the system security plan; and

(2) A brief description of the system security plan architecture, if more than one plan exists.

(D) Date the assessment was completed.

(E) Summary level score (e.g., 95 out of 110, NOT the individual value for each requirement).

(F) Date that all requirements are expected to be implemented (i.e., a score of 110 is expected to be achieved) based on information gathered from associated plan(s) of action developed in accordance with NIST SP 800-171.

(ii) If multiple system security plans are addressed in the email described at paragraph (d)(1)(i) of this section, the Offeror shall use the following format for the report:

System Security Plan	CAGE Codes supported by this plan	Brief description of the plan architecture	Date of assessment	Total Score	Date score of 110 will be achieved

(2) *Medium and High Assessments.* DoD will post the following Medium and/or High Assessment summary level scores to SPRS for each system assessed:

(i) The standard assessed (e.g., NIST SP 800-171 Rev 1).

(ii) Organization conducting the assessment, e.g., DCMA, or a specific organization (identified by Department of Defense Activity Address Code (DoDAAC)).

(iii) All industry CAGE code(s) associated with the information system(s) addressed by the system security plan.

(iv) A brief description of the system security plan architecture, if more than one system security plan exists.

(v) Date and level of the assessment, i.e., medium or high.

(vi) Summary level score (e.g., 105 out of 110, not the individual value assigned for each requirement).

(vii) Date that all requirements are expected to be implemented (i.e., a score of 110 is expected to be achieved) based on information gathered from associated plan(s) of action developed in accordance with NIST SP 800-171.

(3) *Accessibility.*

(i) Assessment summary level scores posted in SPRS are available to DoD personnel, and are protected, in accordance with the standards set forth in DoD Instruction 5000.79, Defense-wide Sharing and Use of Supplier and Product Performance Information (PI).

(ii) Authorized representatives of the Offeror for which the assessment was conducted may access SPRS to view their own summary level scores, in accordance with the SPRS Software User's Guide for Awardees/Contractors available at https://www.sprs.csd.disa.mil/pdf/SPRS_Awardee.pdf.

(iii) A High NIST SP 800-171 DoD Assessment may result in documentation in addition to that listed in this section. DoD will retain and protect any such documentation as "Controlled Unclassified Information (CUI)" and intended for internal DoD use only. The information will be protected against unauthorized use and release, including through the exercise of applicable exemptions under the Freedom of Information Act (e.g., Exemption 4 covers trade secrets and commercial or financial information obtained from a contractor that is privileged or confidential).

ECONOMIC PURCHASE QUANTITY--SUPPLIES (AUG 1987)
(IAW FAR 7.203)

(a) Offerors are invited to state an opinion on whether the quantity(ies) of supplies on which bids, proposals or quotes are requested in this solicitation is (are) economically advantageous to the Government.

(b) Each offeror who believes that acquisitions in different quantities would be more advantageous is invited to recommend an economic purchase quantity. If different quantities are recommended, a total and a unit price must be quoted for applicable items. An economic purchase quantity is that quantity at which a significant price break occurs. If there are significant price breaks at different quantity points, this information is desired as well.

252.209-7011 REPRESENTATION FOR RESTRICTION ON THE USE OF CERTAIN INSTITUTIONS OF HIGHER EDUCATION (OCT 2023) (IAW DFARS 209.170-4)

THE FOLLOWING IS FILL-IN DATA FOR PROVISION 52.204-8 PARA (c)(2)(iii):

52.222-18 CERTIFICATION REGARDING KNOWLEDGE OF CHILD LABOR FOR LISTED END PRODUCTS (FEB 2021)

(b) *Listed end products.* The following end product(s) being acquired under this solicitation is (are) included in the List of Products Requiring Contractor Certification as to Forced or Indentured Child Labor, identified by their country of origin. There is a reasonable basis to believe that listed end products from the listed countries of origin may have been mined, produced, or manufactured by forced or indentured child labor.

Listed end product

Listed countries of origin

(c) *Certification.* The Government will not make award to an offeror unless the offeror, by checking the appropriate block, certifies to either paragraph (c)(1) or paragraph (c)(2) of this provision.

☐ (1) The offeror will not supply any end product listed in paragraph (b) of this provision that was mined, produced, or manufactured in a corresponding country as listed for that end product.

☐ (2) The offeror may supply an end product listed in paragraph (b) of this provision that was mined, produced, or manufactured in the corresponding country as listed for that product. The offeror certifies that it has made a good faith effort to determine whether forced or indentured child labor was used to mine, produce, or manufacture such end product. On the basis of those efforts, the offeror certifies that it is not aware of any such use of child labor.

52.223-22 PUBLIC DISCLOSURE OF GREENHOUSE GAS EMISSIONS AND REDUCTION GOALS--REPRESENTATION (DEC 2016)
(IAW FAR 23.502)

(a) This representation shall be completed if the Offeror received \$7.5 million or more in Federal contract awards in the prior Federal fiscal year. The representation is optional if the Offeror received less than \$7.5 million in Federal contract awards in the prior Federal fiscal year.

(b) Representation. [*Offeror is to check applicable blocks in paragraphs (b)(1) and (2).*]

(1) The Offeror (itself or through its immediate owner or highest-level owner) ☐ **does**, ☐ **does not** publicly disclose greenhouse gas emissions, i.e., make available on a publicly accessible Web site the results of a greenhouse gas inventory, performed in accordance with an accounting standard with publicly available and consistently applied criteria, such as the Greenhouse Gas Protocol Corporate Standard.

(2) The Offeror (itself or through its immediate owner or highest-level owner) ☐ **does**, ☐ **does not** publicly disclose a quantitative greenhouse gas emissions reduction goal, i.e., make available on a publicly available Web site a target to reduce absolute emissions or emissions intensity by a specific quantity or percentage.

(3) A publicly accessible Web site includes the Offeror's own Web site or a recognized, third-party greenhouse gas emissions reporting program.

(c) If the Offeror checked "does" in paragraphs (b)(1) or (b)(2) of this provision, respectively, the Offeror shall provide the publicly accessible Web site(s) where greenhouse gas emissions and/or reduction goals are reported:_____.

52.225-18 PLACE OF MANUFACTURE (AUG 2018)
(IAW FAR 25.1101(f))

(b) For statistical purposes only, the offeror shall indicate whether the place of manufacture of the end products it expects to provide in response to this solicitation is predominantly—

(1) ☐ **In the United States** (Check this box if the total anticipated price of offered end products manufactured in the United States exceeds the total anticipated price of offered end products manufactured outside the United States); or

(2) ☐ **Outside the United States.**

(a) Definitions. As used in this provision—
"Computer software" is defined in—

(1) The 252.227-7014, Rights in Other Than Commercial Computer Software and Other Than Commercial Computer Software Documentation, clause of this solicitation; or

(2) If this solicitation contemplates a contract under the Small Business Innovation Research Program or Small Business Technology Transfer Program, the 252.227-7018, Rights in Other Than Commercial Technical Data and Computer Software—Small Business Innovation Research Program and Small Business Technology Transfer Program, clause of this solicitation.

“SBIR/STTR data” is defined in the 252.227-7018, Rights in Other Than Commercial Technical Data and Computer Software—Small Business Innovation Research Program and Small Business Technology Transfer Program, clause of this solicitation.

“Technical data” is defined in—

(1) The 252.227-7013, Rights in Technical Data—Other Than Commercial Products and Commercial Services, clause of this solicitation; or

(2) If this solicitation contemplates a contract under the Small Business Innovation Research Program or Small Business Technology Transfer Program, the 252.227-7018, Rights in Other Than Commercial Technical Data and Computer Software—Small Business Innovation Research Program and Small Business Technology Transfer Program, clause of this solicitation.

(b) The identification and assertion requirements in this provision apply only to technical data, including computer software documentation, or computer software to be delivered with other than unlimited rights. For contracts to be awarded under the Small Business Innovation Research (SBIR) Program or Small Business Technology Transfer (STTR) Program, these requirements apply to SBIR/STTR data that will be generated under the resulting contract and will be delivered with SBIR/STTR data rights and to any other data that will be delivered with other than unlimited rights. Notification and identification are not required for restrictions based solely on copyright.

(c) Offers submitted in response to this solicitation shall identify, to the extent known at the time an offer is submitted to the Government, the technical data or computer software that the Offeror, its subcontractors or suppliers, or potential subcontractors or suppliers, assert should be furnished to the Government with restrictions on use, release, or disclosure.

(d) The Offeror's assertions, including the assertions of its subcontractors or suppliers or potential subcontractors or suppliers, shall be submitted as an attachment to its offer in the following format, dated and signed by an official authorized to contractually obligate the Offeror:

Identification and Assertion of Restrictions on the Government's Use, Release, or Disclosure of Technical Data or Computer Software.

The Offeror asserts for itself, or the persons identified below, that the Government's rights to use, release, or disclose the following technical data or computer software should be restricted:

Technical Data or Computer Software to be Furnished With Restrictions ¹ (LIST) ⁵	Basis for Assertion ² (LIST)	Asserted Rights Category ³ (LIST)	Name of Person Asserting Restrictions ⁴ (LIST)
--	---	--	--

¹For technical data (other than computer software documentation) pertaining to items, components, or processes developed at private expense, identify both the deliverable technical data and each such item, component, or process. For computer software or computer software documentation identify the software or documentation.

²Generally, development at private expense, either exclusively or partially, is the only basis for asserting restrictions. For technical data, other than computer software documentation, development refers to development of the item, component, or process to which the data pertain. The Government's rights in computer software documentation generally may not be restricted. For computer software, development refers to the software. Indicate whether development was accomplished exclusively or partially at private expense. If development was not accomplished at private expense, or for computer software documentation, enter the specific basis for asserting restrictions.

³Enter asserted rights category (e.g., government purpose license rights from a prior contract, rights in SBIR/STTR data generated under a contract resulting from this solicitation or under another contract, limited, restricted, or government purpose rights under a contract resulting from this solicitation or under a prior contract, or specially negotiated licenses).

⁴Corporation, individual, or other person, as appropriate.

⁵Enter “none” when all data or software will be submitted without restrictions.

(End of identification and assertion)

(e) An offeror's failure to submit, complete, or sign the notification and identification required by paragraph (d) of this provision with its offer may render the offer ineligible for award.

(f) If the Offeror is awarded a contract, the assertions identified in paragraph (d) of this provision shall be listed in an attachment to that contract. Upon request by the Contracting Officer, the Offeror shall provide sufficient information to enable the Contracting Officer to evaluate any listed assertion.

52.204-24 REPRESENTATION REGARDING CERTAIN TELECOMMUNICATIONS AND VIDEO SURVEILLANCE SERVICES OR EQUIPMENT (NOV 2021)
(IAW FAR 4.2105(a))

The Offeror shall not complete the representation at paragraph (d)(1) of this provision if the Offeror has represented that it "does not provide covered telecommunications equipment or services as a part of its offered products or services to the Government in the performance of any contract, subcontract, or other contractual instrument" in paragraph (c)(1) in the provision at 52.204-26, Covered Telecommunications Equipment or Services—Representation, or in paragraph (v)(2)(i) of the provision at 52.212-3, Offeror Representations and Certifications—Commercial Products and Commercial Services. The Offeror shall not complete the representation in paragraph (d)(2) of this provision if the Offeror has represented that it "does not use covered telecommunications equipment or services, or any equipment, system, or service that uses covered telecommunications equipment or services" in paragraph (c)(2) of the provision at 52.204-26, or in paragraph (v)(2)(ii) of the provision at 52.212-3.

(a) *Definitions.* As used in this provision-

Backhaul, covered telecommunications equipment or services, critical technology, interconnection arrangements, reasonable inquiry, roaming, and substantial or essential component have the meanings provided in the clause 52.204-25, Prohibition on Contracting for Certain Telecommunications and Video Surveillance Services or Equipment.

(b) *Prohibition.* (1) Section 889(a)(1)(A) of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Pub. L. 115-232) prohibits the head of an executive agency on or after August 13, 2019, from procuring or obtaining, or extending or renewing a contract to procure or obtain, any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system. Nothing in the prohibition shall be construed to—

(i) Prohibit the head of an executive agency from procuring with an entity to provide a service that connects to the facilities of a third-party, such as backhaul, roaming, or interconnection arrangements; or

(ii) Cover telecommunications equipment that cannot route or redirect user data traffic or cannot permit visibility into any user data or packets that such equipment transmits or otherwise handles.

(2) Section 889(a)(1)(B) of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Pub. L. 115-232) prohibits the head of an executive agency on or after August 13, 2020, from entering into a contract or extending or renewing a contract with an entity that uses any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system. This prohibition applies to the use of covered telecommunications equipment or services, regardless of whether that use is in performance of work under a Federal contract. Nothing in the prohibition shall be construed to—

(i) Prohibit the head of an executive agency from procuring with an entity to provide a service that connects to the facilities of a third-party, such as backhaul, roaming, or interconnection arrangements; or

(ii) Cover telecommunications equipment that cannot route or redirect user data traffic or cannot permit visibility into any user data or packets that such equipment transmits or otherwise handles.

(c) *Procedures.* The Offeror shall review the list of excluded parties in the System for Award Management (SAM) (<https://www.sam.gov>) for entities excluded from receiving federal awards for “covered telecommunications equipment or services.”

(d) *Representations.* The Offeror represents that—

(1) It [] will, [] will not provide covered telecommunications equipment or services to the Government in the performance of any contract, subcontract or other contractual instrument resulting from this solicitation. The Offeror shall provide the additional disclosure information required at paragraph (e)(1) of this section if the Offeror responds “will” in paragraph (d)(1) of this section; and

(2) After conducting a reasonable inquiry, for purposes of this representation, the Offeror represents that—

It [] does, [] does not use covered telecommunications equipment or services, or use any equipment, system, or service that uses covered telecommunications equipment or services. The Offeror shall provide the additional disclosure information required at paragraph (e)(2) of this section if the Offeror responds “does” in paragraph (d)(2) of this section.

(e) *Disclosures.* (1) Disclosure for the representation in paragraph (d)(1) of this provision. If the Offeror has responded “will” in the representation in paragraph (d)(1) of this provision, the Offeror shall provide the following information as part of the offer:

(i) For covered equipment—

(A) The entity that produced the covered telecommunications equipment (include entity name, unique entity identifier, CAGE code, and whether the entity was the original equipment manufacturer (OEM) or a distributor, if known);

(B) A description of all covered telecommunications equipment offered (include brand; model number, such as OEM number, manufacturer part number, or wholesaler number; and item description, as applicable); and

(C) Explanation of the proposed use of covered telecommunications equipment and any factors relevant to determining if such use would be permissible under the prohibition in paragraph (b)(1) of this provision.

(ii) For covered services—

(A) If the service is related to item maintenance: A description of all covered telecommunications services offered (include on the item being maintained: Brand; model number, such as OEM number, manufacturer part number, or wholesaler number; and item description, as applicable); or

(B) If not associated with maintenance, the Product Service Code (PSC) of the service being provided; and explanation of the proposed use of covered telecommunications services and any factors relevant to determining if such use would be permissible under the prohibition in paragraph (b)(1) of this provision.

(2) Disclosure for the representation in paragraph (d)(2) of this provision. If the Offeror has responded “does” in the representation in paragraph (d)(2) of this provision, the Offeror shall provide the following information as part of the offer:

(i) For covered equipment—

(A) The entity that produced the covered telecommunications equipment (include entity name, unique entity identifier, CAGE code, and whether the entity was the OEM or a distributor, if known);

(B) A description of all covered telecommunications equipment offered (include brand; model number, such as OEM number, manufacturer part number, or wholesaler number; and item description, as applicable); and

(C) Explanation of the proposed use of covered telecommunications equipment and any factors relevant to determining if such use would be permissible under the prohibition in paragraph (b)(2) of this provision.

(ii) For covered services—

(A) If the service is related to item maintenance: A description of all covered telecommunications services offered (include on the item being maintained: Brand; model number, such as OEM number, manufacturer part number, or wholesaler number; and item description, as applicable); or

(B) If not associated with maintenance, the PSC of the service being provided; and explanation of the proposed use of covered telecommunications services and any factors relevant to determining if such use would be permissible under the prohibition in paragraph (b)(2) of this provision.

(End of provision)

**52.204-26 COVERED TELECOMMUNICATIONS EQUIPMENT OR SERVICES -
REPRESENTATION (OCT 2020)**
(IAW FAR 4.2105(c))

(a) *Definitions.* As used in this provision, “covered telecommunications equipment or services” and “reasonable inquiry” have the meaning provided in the clause 52.204-25, Prohibition on Contracting for Certain Telecommunications and Video Surveillance Services or Equipment.

(b) *Procedures.* The Offeror shall review the list of excluded parties in the System for Award Management (SAM) (<https://www.sam.gov>) for entities excluded from receiving federal awards for “covered telecommunications equipment or services”.

(c) *Representations.*

(1) The Offeror represents that it ☐ does, ☐ does not provide covered telecommunications equipment or services as a part of its offered products or services to the Government in the performance of any contract, subcontract, or other contractual instrument.

(2) After conducting a reasonable inquiry for purposes of this representation, the offeror represents that it ☐ does, ☐ does not use covered telecommunications equipment or services, or any equipment, system, or service that uses covered telecommunications equipment or services.

(IAW FAR 15.209(a))

252.215-7008 ONLY ONE OFFER (DEC 2022)
(IAW DFARS 215.408(3))

(a) Cost or pricing data requirements. After initial submission of offers, if the Contracting Officer notifies the Offeror that only one offer was received, the Offeror agrees to—

(1) Submit any additional cost or pricing data that is required in order to determine whether the price is fair and

reasonable or to comply with the statutory requirement for certified cost or pricing data (10 U.S.C. 2306a and FAR 15.403-3); and

(2) Except as provided in paragraph (b) of this provision, if the acquisition exceeds the certified cost or pricing data threshold and an exception to the requirement for certified cost or pricing data at FAR 15.403-1(b)(2) through (5) does not apply, certify all cost or pricing data in accordance with paragraph (c) of DFARS provision 252.215-7010, Requirements for Certified Cost or Pricing Data and Data Other Than Certified Cost or Pricing Data, of this solicitation.

(b) Canadian Commercial Corporation. If the Offeror is the Canadian Commercial Corporation, certified cost or pricing data are not required. If the Contracting Officer notifies the Canadian Commercial Corporation that additional data other than certified cost or pricing data are required in accordance with DFARS 225.870-4(c), the Canadian Commercial Corporation shall obtain and provide the following:

(1) Profit rate or fee (as applicable).

(2) Analysis provided by Public Works and Government Services Canada to the Canadian Commercial Corporation to determine a fair and reasonable price (comparable to the analysis required at FAR 15.404-1).

(3) Data other than certified cost or pricing data necessary to permit a determination by the U.S. Contracting Officer that the proposed price is fair and reasonable [U.S. Contracting Officer to provide description of the data required in accordance with FAR 15.403-3(a)(1) with the notification].

(4) As specified in FAR 15.403-3(a)(4), an offeror who does not comply with a requirement to submit data that the U.S. Contracting Officer has deemed necessary to determine price reasonableness or cost realism is ineligible for award unless the head of the contracting activity determines that it is in the best interest of the Government to make the award to that offeror.

(c) Subcontracts. Unless the Offeror is the Canadian Commercial Corporation, the Offeror shall insert the substance of this provision, including this paragraph (c), in all subcontracts exceeding the simplified acquisition threshold defined in FAR part 2.

Section L – Instructions to Offerors

13. Program Structure and Objective

1.1. The Government plans to award a single contract for the Remanufacture of B-1 Horizontal Stabilizer Servo-Cylinder. This firm-fixed-price type contract will include a 5-year basic period.

2.0 General Instructions.

2.1. This competitive acquisition will be conducted utilizing price as the only evaluated factor. Contract award will be made to the offeror with the lowest total evaluated price (TEP). The offer shall be compliant with the requirements as stated in the Statement of Work (SOW). Non-conformance with the instructions provided in the Instructions to Offeror (ITO) may result in an offeror being ineligible for award. Offerors shall provide evidence of qualification in accordance with FAR 52.209-1.

2.1.1. The proposal shall be clear, concise, and shall include sufficient detail for effective evaluation and for substantiating the validity of stated claims.

2.1.2. The proposal acceptance period is specified in SF 1447 Section A (Block 18) of the contract/solicitation. By signing the Request for Proposal (RFP), the offeror has made a clear statement that the proposal is valid until the date specified

2.2. General Information

2.2.1. Point of Contact

The Contracting Officer (CO) is the **sole** point of contact for this acquisition. Address any questions or concerns you may have to the CO. Written requests for clarification may be sent to the CO at the address located in SF 1447 Section A (Block 7) of the contract/solicitation.

2.2.2. Debriefings

The CO will promptly notify offerors of any decision to exclude them from the competitive range, whereupon they may request and receive a debriefing in accordance with FAR 15.505. Offerors excluded from the competitive range may request a pre-award debriefing, or they may choose to wait until after the source selection decision to request a post-award debriefing. However, offerors excluded from the competitive range are entitled to no more than one debriefing for each proposal. The CO will notify unsuccessful offerors in accordance with FAR 15.503. Upon such notification, unsuccessful offerors may request and receive a debriefing. Offerors desiring a debriefing must make their request in accordance with the requirements of FAR 15.505 or 15.506, as applicable.

3.0. Factor 1 - Price

3.1. The offeror shall complete Schedule of Supplies or Services and Prices/Costs of the solicitation to include all unit prices and extended prices for each CLIN and/or SubCLIN. These instructions are to assist you in submitting information required to evaluate the reasonableness of your proposed prices/costs. Compliance with these instructions is mandatory and failure to comply may result in rejection of your proposal.

3.1.1. Price Reasonableness and Balance

Offerors' proposals will be evaluated for reasonableness and balance. The burden of proof for credibility of proposed prices rests with the offeror. Additionally, unbalanced pricing may pose an unacceptable risk to the Government and may be a reason to reject an offeror's proposal.

3.2. Price Realism – N/A

3.3. Pricing Information Requirements

In accordance with FAR 15.403-1(b)(1), prices based on adequate price competition do not require submission of certified cost or pricing data. If, after receipt of proposals, there is insufficient information available to determine price reasonableness, and balance, the offeror may be required to submit other than certified cost or pricing data. FAR does not preclude the requirement for obtaining other than certified cost or pricing data under certain circumstances, and the Government reserves the right to obtain data as appropriate. If, after receipt of proposals, the CO determines there is

insufficient information available to determine price reasonableness and none of the exceptions in FAR 15.403-1 apply, the offeror shall be required to submit certified cost or pricing data.

4.0. Solicitation Requirements

4.1. Solicitation/Contract Form SF 1447

The offeror shall complete Blocks 13 and 27 of the SF1447. Signature by the offeror on the SF1447 constitutes an offer, which the Government may accept.

4.1.1. Supplies or Services and Prices/Costs

The offeror shall complete pricing information in Supplies or Services and Prices/Costs section of the solicitation.

4.1.2. Contract Clauses

The offeror shall complete provisions/clauses as required.

4.1.3. Representations, Certifications, and other Statements of Offerors

The Offeror has completed the annual representations and certifications electronically via the System for Award Management (SAM). After reviewing the SAM database information, the Offeror verifies by submission of this offer that the representations and certifications currently posted electronically at FAR 52.204-8, Annual Representations and Certifications, are correct.

4.2. Ombudsman

An Ombudsman has been appointed to hear concerns from offerors or potential offerors during the proposal development phase of this acquisition. The Ombudsman for this acquisition is OC-ALC/PZC. This does not diminish the authority of the program director or CO, but communicates offeror concerns, issues, disagreements and recommendations to the appropriate Government personnel. When requested, the Ombudsman shall maintain strict confidentiality as to the source of the concern. The Ombudsman does not participate in the evaluation of proposals or in the source selection process; interested parties are invited to call OC-ALC/PZC at 405-736-3273.

PART IV - REPRESENTATIONS AND INSTRUCTIONS SECTION M EVALUATION FACTORS FOR AWARD

EVALUATION CRITERIA FOR AWARD (OCT 1997)

(IAW FAR 13.106-2(b), FAR 14.201-5(c), FAR 15.204-5(c))

For the purposes of award, offers will be evaluated based on the following factors, listed in descending order of importance:

Evaluation Factors	Order of Importance

All evaluation factors other than cost or price, when combined, are ____.

NOTICE FOR OPTIONS: Price will be evaluated by adding the extended prices for basic award and option quantities, if applicable.

Section M - Evaluation Factors for Award Award

1.0. Price-Only Competition

Basis for Contract Award

This acquisition will utilize price as the only evaluated factor. Award will be made to the offeror with the lowest total evaluated price (TEP) and whose proposal conforms to the solicitation requirements (to include all stated terms, conditions, representations, and certifications). In order to be eligible for award, the offeror must be an approved source IAW FAR 52.209-1, Qualification Requirements. The Government reserves the right to award without discussions. However, the Government reserves the right to conduct discussions if determined necessary by the Contracting Officer.

13. Solicitation Requirements (Terms and Conditions)

Offerors are required to meet all solicitation requirements, such as terms and conditions, representations and certifications, Statement of Work (SOW) requirements, addition to the price factor. Failure to comply with the terms and conditions of the solicitation may result in the Offeror being ineligible for award. Offerors must clearly identify any exception to the solicitation terms and conditions and must provide complete supporting rationale. The Government reserves the right to determine any such exceptions unacceptable, and the proposal, therefore, ineligible for award.

1.2 Number of Contracts to Be Awarded

The Government intends to select one contractor for this acquisition. However, the Government reserves the right not to award a contract at all, depending on the quality of the proposals and prices submitted and the availability of funds.

1.3 Competitive Range Determination

If discussions are conducted, the Government shall establish a competitive range comprised of the most highly rated proposals, in accordance with (IAW) FAR 15.306(c). During the evaluation process multiple competitive range determinations may be made that eliminate Offerors from the competition IAW FAR 15.505. A competitive range determination may eliminate Offerors based on their initial proposal evaluation results, after discussions (if necessary), prior to issuance of the Final Proposal Revision (FPR) request, or for efficiency. If Offerors are excluded from the competitive range they may request a debriefing IAW FAR 15.505.

23. Discussions

The Government intends to award without discussions, but reserves the right to conduct discussions if necessary. Therefore, it is imperative that Offerors submit their best terms initially. However, if during the evaluation period it is determined to be in the best interest of the Government to hold discussions, the contracting officer may request, or allow for offerors to provide, proposal revisions to clarify and document understandings reached during discussions. At the conclusion of discussions, each offeror still in the competitive range shall be given an opportunity to submit a FPR. The Request for FPR letter will include specific instructions on how offerors will submit FPRs.

2.0. Evaluation Factor

2.1. Factor 1- Price

Price proposals will be evaluated as follows:

2.1.1. Completeness

Proposals will be reviewed for completeness. Incomplete proposals will be considered ineligible for award.

2.1.2. Price Reasonableness

The proposed prices will be evaluated for reasonableness. Reasonableness must represent a price to the Government a prudent person would pay in the conduct of competitive business. Normally, price reasonableness is established through adequate price competition, but may also be determined through price analysis techniques as described in FAR 15.404-1(b)(2).

2.1.3. Price Realism

2.1.4. Unbalanced pricing

Offerors' proposals will be reviewed for unbalanced pricing. The Government will evaluate any supporting information provided by the Offeror explaining variances that appear unbalanced. Evaluated offers that are determined to be unbalanced may be deemed ineligible for award by the Contracting Officer if a determination is made that lack of balance poses an unacceptable risk to the Government. Unbalanced pricing exists when, despite an acceptable total price, the price of one or more line items (including sub line items) is significantly over or understated as demonstrated by application of price analysis techniques, such that:

14. There is reasonable doubt the offer would result in the lowest overall cost to the Government, even though it is the lowest priced Offeror; or
15. The offer is so grossly unbalanced; its acceptance would be tantamount to allowing an advanced payment.

2.1.5. Total Evaluated Price (TEP):

The TEP will be calculated as the sum of the total proposed prices for all separately priced line items (including sub line items). The total proposed price for each separately priced line item shall be calculated as the proposed unit price multiplied by the corresponding quantity/BEQ.

The total proposed price for all options will be added to the total proposed price for the basic requirement as a part of the TEP calculation.

TEP will be used for evaluation purposes only. Evaluation of options shall not obligate the Government to exercise such options.
